CHINESE PRESIDENT REJECTS RESIGNATION OF CABINET; SHANGHAI PARLEY BREAKS UP

PARIS, May 16.—The Chinese cabinet has resigned, but the president has refused to accept the resignation, according to a telegram from Peking to the peace conference.

The peace conference at Shanghai between representatives of northern and southern China, the telegram adds, has broken up.

WHAT IS UNDERWEAR? HERE IT IS DEFINED

WASHINGTON, May 16.—For weeks experts of the internal revenue bureau have pondered over definitions of underwear and other articles subject to the so-called luxury taxes which went into effect May 1. In preparation for the regulations governing administration of the law, arguments were made on one side and the other, seeking to show that certain articles were not underwear, but something else. Finally the experts developed this definition of underwear:

"Any garment worn under the outer dress, such as undershirts, drawers, pants, bloomers, union suits, combination suits, nightgowns, corsets, corset covers, brassieres, chemises and vests."

The regulations add that "the list is by no means intended to be exhaustive, but merely to give a general notion of the wide variety of articles taxable."

The tax is ten percent of the selling price in excess of five dollars per garment.

INCOME TAX SUIT AGAINST CABLE FIRM

NEW YORK, May 16.—An income tax and penalty suit against the Commercial Cable company was brought by the government in the federal court here.

The complaint, filed by United States District Attorney Coffey and containing seven counts, alleges that the company evaded income taxes between December 31, 1909, and July 1, 1918, by "misconducting and failing to set forth and pay the true net taxable income with the meaning and intent of the income tax law."

ORDER OHIO NAT'L GUARD REORGANIZED

COLUMBUS, O., May 16.—General orders for reorganizing the Ohio National Guard under present federal and state laws, were issued today by Adjutant General Roy E. Layton.

The orders call for the organization of two provisional regiments, one in the southern and one in the northern part of the state.

The units will be the nucleus for an organization, it is planned to expand into a division.

Copies of the order will be sent to every community which desires representation in the new guard. It is expected that practically all of the old guard units which served in France will apply for membership. Independent companies or battalions may apply for membership in the two authorized regiments. Equipment will be issued by the federal government as soon as the regiments are inspected and recognized by the war department.

All officers who have been discharged from the federal service, regular army, national army, national guard, or reserve corps, are urged to apply for commissions in the new guard in the grades they held when discharged.

"Cavalry, artillery and naval militia units will be organized in due time," Adjutant General Layton said. "Special units such as machine gun battalions, tank corps and aviation corps may also be organized in the near future."

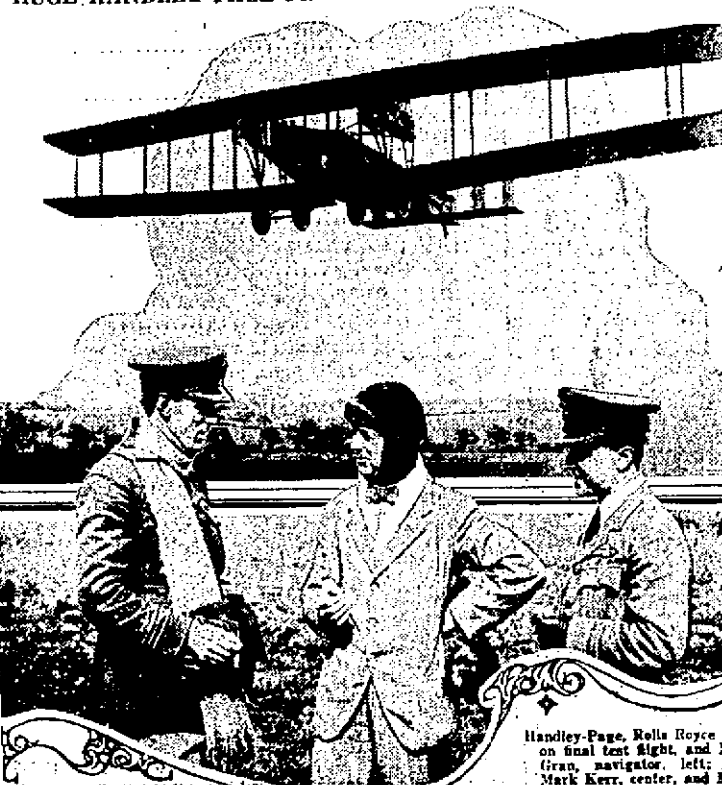

BOLSHEVIKI FLEEING

VIENNA, Thursday, May 15.—(By the Associated Press.)—Ukrainian reports indicate that the Bolsheviks are fleeing from their advanced western positions at Rovno before the army, led by Simon Petliura, and are retreating in disorder, due to a lack of transportation, toward Korostey and Sarny Junction.

It appears that there is a general uprising of Ukrainian peasants against the Bolsheviks, the town of Homel, in the government of Mohilev, falling into their hands. The peasants are led by M. Grolsky and are reported to have won other successes northeast of Kiev.

The army, led by Zeleny, another Ukrainian peasant chief, numbers about 20,000 and is operating on both sides of the Dnieper river, near Kiev.

HUGE HANDLEY-PAGE PLANE IS READY FOR OCEAN FLIGHT

Handley-Page, Rolls Royce machine on final test flight, and Major T. (Ivan, navigator, left; Admiral Mark Kerr, center, and Major H. G. Brackley, its pilot.

Packed in eight large cases, the giant Handley-Page, Rolls Royce airplane, another entrant in the trans-Atlantic race, arrived recently in Newfoundland and has been assembled for the flight across the ocean. The plane was built at the company's plant at

Crickwood, England, and shipped from there. It has four 350-horsepower Rolls Royce, Eagle Mark VIII engines.

DIRIGIBLE C-5 BREAKS FROM MOORINGS, IS REPORTED LOST

ST. JOHN'S, May 16.—The destroyer Edwards returned to port this afternoon with no sign of the C-5 on her deck.

TREPASSEY, N. F., May 16.—The navy dirigible C-5, which was swept to sea yesterday, now is believed to have been lost. The destroyer Edwards, which went in pursuit, reported by wireless today that she had been unable, after a search, to find her and was returning. The merchant steamer, which had previously reported that she was standing by the big balloon, subsequently sent a message that she was unable to stand by longer and proceeded on her way, according to information from the Edwards.

ST. JOHN'S, N. F., May 16.—The plans of the United States navy for a trans-Atlantic flight by a dirigible received a serious jolt this afternoon when the giant "blimp" C-5 burst from her moorings in a gale and was swept out to sea soon after she had arrived from Montauk Point after being in the air continuously for 25 hours and 45 minutes.

The destroyer Edwards immediately set out in pursuit with orders to bring the big gas bag down with anti-aircraft artillery if necessary. Even if the Edwards is able to rescue the "blimp" before some serious misfortune befalls her, it probably will require some time to repair the damage which will result her fall into the ocean.

The dirigible dropped into the sea about 55 miles off shore according to a radio message received later in the night by the cruiser Chicago from an unidentified British steamship.

Follows Long Struggle

Lieutenant Charles G. Little, of Newburyport, Mass., who was given charge of the C-5 after her crew had been landed off to lead aboard the cruiser Chicago, was almost carried away by the fugitive gas bag while making a heroic attempt to detain it.

The escape of the C-5 followed a long struggle by sailors from the Chicago to prevent its injury when the gusty winds swept across its mooring place. Several of the sailors, clinging to guy ropes were thrown down by the dirigible's final jolt, but none was injured.

A Bitter Disappointment

The loss of the "blimp" was a bitter disappointment to Lieutenant Commander Edward W. Colt and his crew of five. Despite a heavy fog and unfavorable weather, they had brought

American Mediation Is Planned To Settle Adriatic Controversy; Rumania May Bolt Conference

THREE MAKE IT EFFECTIVE

PARIS, May 16.—The German peace treaty, it developed today, contains a clause which has not yet been made public, pending ratification by Germany that three of the principal associated powers will bring the treaty into force between the ratifying parties, enabling the immediate resumption of trade.

As the result of conferences among the representatives of the powers, which were being continued today, the text of the German treaty probably will be made public by installments. It is reported that the financial and boundaries sections of the document will be released tonight.

It was pointed out today in connection with the stipulation as to the ratification of the German treaty that any nation which withheld ratification after three of the principal powers had ratified would be at a disadvantage in a commercial way. This would follow from the fact that the ratifying powers would be able to resume trade relations with Germany at once while the states that delayed would have no such privilege.

APPROVES PEACE TERMS

MADRID, May 16.—(Havas)—Approval of the peace terms presented the Germans is voted by the Diet of the Reichstag, the organ of former Premier Brüning, the Spanish liberal leader. The newspaper declares that it would be unjust to accuse the allies and associated powers of imperialism after the ravages suffered by France and Italy.

WILL BE SIGNED IN EAST

PARIS, May 16.—It is quite probable that the Turkish and Bulgarian peace treaties will be negotiated and signed in Constantinople, Saloniki, or some other convenient city in the near east, according to Reuters Paris office.

HE SEES "THE LIGHT"

PARIS, May 16.—(Havas)—Eduard Bernstein, the German Social Democrat leader, in an article in the Vorwarts of Berlin, transmitted here, says that the peace terms show evidence of compromises on several points and that a sense of moderation is evident. He points out that many of the demands on Germany are only temporary in character, but declares that satisfaction of some of the terms ought to be obtained through oral discussion.

Here Bernstein reaches the conclusion that Germany must say "no" to the actual conditions, but that this

forenoon.

Mentime repairs were being rushed on the NC-4, which arrived last evening from Halifax, and if they are completed in time, she will "hop off" with her sister planes. If not, Lieutenant Commander Read's fier will follow as soon as possible.

TREPASSEY, N. F., May 16.—The "Jinx" which visited the NC-4 on the initial leg of the navy's trans-Atlantic flight last Thursday, compelling her to put in at Chatham, Mass., for repairs, turned its attention yesterday to the NC-1 and NC-3, holding them harbor bound while the NC-4 caught up with them for the NC overseas "hop."

The NC-4 landed here at 6:37 P.M. (local time) 15:57 New York time), according to its mooring in the harbor over the NC-1 and NC-3 which had just returned after an ineffectual attempt to get away on the 1:20 P.M. flight to the Azores.

Lieutenant Commander A. C. Read of the NC-4 hoped to have his machine overhauled and ready to fly with the other planes if they are able to get away tomorrow.

Refuse To Rise

The crew of the NC-4 owes its chance for an event start from here with their sister planes to the fact that the NC-1 and NC-3 refused to rise from the water this afternoon with the heavy loads of fuel which had been taken aboard.

The NC-1, commanded by Lieutenant Commander Bellinger, taxied off

down the harbor at 5:04 p. m. Halifax time (1:04 New York time) hoping for a getaway. The NC-3, commander John H. Hower's flagship, followed 15 minutes later to the accompaniment of great cheering from the crews of the base flotilla and groups of Newfoundlanders on shore.

Both Re-appear

A short time later, however, both re-appeared, and coming to a stop near the mother ships began apparently to discharge excess fuel to reduce their weight. A second attempt to "hop off" was not made, however, and the NC-3 was returned to their mooring place.

The appearance of the NC-4, which had been sighted shortly after the NC-3 taxied down the harbor was believed to have influenced commander Bellinger in his decision to postpone the "hop off" so that all three planes might start together.

Yes, What Else?

VERSAILLES, May 16.—A distinct impression among some of the subordinate members of the German peace mission that the Germans will sign the peace treaty is reflected in the remark of one of the secretaries, who is quoted as saying:

"What else can we do but sign? We are on the ground; your knees are on our shoulders and your thumbs in our eyes."

"no" must leave "the road open for the allies."

PEREMPTORY REPLY

PARIS, May 16.—(Havas)—A peremptory answer to the German note registering objections to the treaty arrangements for the left bank of the Rhine and the Sarre valley has been drafted by the special commission on territorial affairs presided over by Andre Landier. It was reported this morning.

PLAN MEDIATION

PARIS, May 16.—Negotiations pending for the adjustment of the Adriatic controversy contemplate a direct settlement between Italy and Jugoslavia through American mediation. By this plan the Austrian treaty would not specify the disposition to be made of Dalmatia, Istria, of Fiume beyond detaching them from Austria.

RUMANIA MAY BOLT

GENEVA, May 16.—The Rumanian delegation may possibly withdraw from the peace conference. Advice from Paris made public by the Rumanian bureau at Bern says that owing to the decision of the council of ten to divide Rumania between Serbia and Montenegro, Premier Bratianu and the Rumanian delegation will quit Paris unless there is a modification of the terms. "These are considered by the Rumanians to be unacceptable."

POLES REQUEST REFUSED

PARIS, May 16.—The Council of Foreign Ministers today refused the Polish request for part of the German navy. The Poles claimed that warships were necessary for the defense of their country.

The council also decided that prisoners of war held by the Russians in Siberia, the Baltic provinces and the Caucasus may be sent back immediately. These in Soviet Russia will be repatriated later.

MERELY PROPAGANDA

The conviction is growing in Allied circles that most of the German protests against the peace treaty are for political reasons and are designed to mislead the public. This conviction is strengthened by the fact that the text of the treaty is not quoted and that the protests have been published in Berlin before they were received in Paris.

The conference, however, is still referring all protests to commissions which will consider them on their merits.

READY BY NEXT WEEK

PARIS, May 16.—(By the Associated Press.)—It is indicated that the terms of peace will be ready for presentation to the Austrian delegates about the middle of next week. The council of four yesterday discussed the military, naval and aerial terms of the treaty. French Premier Clemenceau was absent today to pay a visit to a Welsh regiment that is leaving France for home and the council of four will not meet again before Saturday. President Wilson improved the opportunity by meeting a number of persons with whom he had appointments.

TO PUBLISH INSTALLMENTS

PARIS, May 16.—As the result of consultations among the peace conference leaders, which were continued this morning, the peace terms to be submitted to the Austrian representatives probably will be published textually by installments. It is reported that the financial and boundaries sections of the document will be made public tonight.

FORD AND SON IN COURT TO ATTEND SUIT

ST. CLEMENS, MICH., May 16.—Henry Ford and his son, Edsel, sat side by side in Judge Tucker's court today when the opening statement of Mr. Ford's \$1,000,000 suit was made by Attorney Alfred J. Murphy.

Mr. Ford said he expected to spend most of his time here until a verdict is reached.

COX SIGNS PROHIBITION MEASURE

COLUMBUS, O., May 16.—Governor Cox today signed the Crabbe prohibition enforcement bill which is designed to carry into effect the state-wide prohibition amendment adopted by the people last fall.

After attaching his signature, the governor gave out this statement:

"The bill has been signed to formalize compliance with the public mandate. It is to be observed, however, that the bill in question goes beyond the provisions of the amendment, but the rights of the people under the referendum are preserved."

"In brief, the situation created by executive approval of this act: The amendment to the constitution has been carried into effect, but no trespass has been made upon the right of the electorate either to approve or reject the provisions which exceed the authority granted by the amendment to the constitution."

Prohibition advocates failed to have the bill enacted as an emergency measure which would have forestalled a referendum and made the measure effective immediately on receiving the governor's signature. "The Ohio Home Rule Association has declared its intention of filing a referendum on the bill."

Bills now pending in the legislature, introduced by Representative Crabbe, seek to amend present enforcement laws and make them effective as emergency legislation.

CALENDAR OF LEGISLATION IS ARRANGED

WASHINGTON, May 16.—Legislation to be given consideration by the house immediately after the annual appropriation bills are disposed of was agreed upon today by the Republican steering committee, subject to approval of the conference of Republican representatives to be held tomorrow night.

As announced by Representative Stoddard, chairman of the committee, the program includes immediate repeal of the tax on semi-luxuries, legislation for the return of telephone and telegraph companies to private control, railroad legislation, determination of a national shipping policy, passage of the woman suffrage amendment, inauguration of a budget system, means for reducing government expenses, tariff legislation, and measures benefiting returned soldiers and sailors.

Endorsement Of Road Bill Is Referred To Committee

In an effort to secure the endorsement of the Board of Trade on his Road Bill Representative Gordon of Brown county was here today and explained in detail the aims and objects of his bill.

It provides for the assessment of a two mill levy in excess of the Smith One Percent Law when used exclusively on the improvement of roads. The Smith Law prescribes specifically that one percent may be assessed against

property owners in the improvement of roads. After giving Mr. Gordon an audience of considerable length his motion to have the board endorse his bill was referred to the good roads committee of the Board. It includes Mark W. Selby, Vallee Harold and John C. Bauer.

Governor Cox is opposed to Mr. Gordon's bill as he says it interferes with the intent and import of the Smith One Percent Law, which has been a success.

Frank Schmidt, Peter Quikel and Conley Toth were named on a committee to make all arrangements. A cordial invitation awaits every Junior and his family at this big meeting, at which time a dance and party will be enjoyed. Arrangements are being made to have a speaker present from the State Council. Three applications for membership were received at last night's meeting.

Candy Man Locates Here

B. C. Wilson, of Johnstown, Pa., has arrived in the city and decided on a location for his candy business. He has rented the Andy Wolfe property at 1832 Eleventh street, and will open his place of business about June 1st. He will retail along with his candy manufacturing business at first, but expects to devote all his time to wholesaling, candies a few weeks afterwards. He was in the same business several years ago, but during the war period worked as steel inspector for the government.

NANCY GRIMES IN HEROINE ROLE: SAVES LIFE OF A GIRL COMPANION

Nancy Grimes, daughter of Mr. and Mrs. John A. Grimes, of Second street, qualified for a Carnegie hero medal yesterday when she saved the life of her companion, Helen, daughter of Mr. and Mrs. James Yelley.

These two girls, accompanied by Elizabeth Nye, went to the Ohio river yesterday afternoon to examine Mr. Grimes' new houseboat. In stepping from a small boat to the big boat,

Helen lost her balance and fell into the river. The water was over her head and she went down once before Nancy Grimes grabbed her by her sweater and then called for help.

Two boys, who were near the scene, back of the old waterworks plant on Mill street, heard the cries and lost no time in reaching the boat. They realized the peril faced by the girl and quickly rescued her. She

soon recovered from the shock and was later taken to the home of her parents. She was none the worse for her experience and was soon back with her playmates, with the understanding that under no circumstances should she go around the river.

Moral: As a result of going to the river without the consent of her parents, Nancy Grimes is compelled to go to bed each evening immediately after dinner.

BEN HURS PLAN FOR PARK OPENING

The Ben Hur park committee held a meeting Thursday night with H. W. Gordon, advance man of the Kaplan Greater Shows, present and completed plans for the victory week celebration to be held in Millbrook park under the direction of the Ben Hurs from May 26 to May 31. A special representative of the committee recently made a trip to Welsh, W. Va., and found the carnival company one of the best without gambling or immoral features of any kind. With the big band that is a feature of the shows are four Portsmouth musicians, Edward Mar-

shall and Elmer Crain. The big day of the week will be Decoration Day, May 30. This is to be made a real victory day. The committee has decided to have the usual number of contests with the baby show in the Casino as the climax. The other contests will be announced later. On Decoration Day afternoon all old soldiers and soldiers of the world's war will be guests of the Ben Hurs and will be admitted to the various shows and exhibitions free, their uniform taking the place of a ticket of admission. Programs for the week's events are being arranged.

A Foretaste of The Summer Modes In Apparel for Misses In Suits, Capes and Dresses

The mid-summer season heralds her coming with many charming conceptions here, each of which asserts its style correctness in no uncertain way. There is a "touch and go"—a "smartness"—about the lines and new ideas that are most effective and becoming to the youthful figure.

And what makes it more interesting is the low price quoted on each and every garment, to make shopping here a real pleasure. It's the dollar that you save that counts after all, and this is what this store is striving to do. "Values above all, and then service besides."—It is a well known fact that the standing of a business house commands respect only when it is associated with honorable dealing, progressiveness and integrity, the keen sense of old fashioned business honor which inspired the founders of this business to do things in a better and broader way was a strong appeal to public confidence.

The persistent purpose to improve the "store service" won friends, and its high standing won the hearty co-operation of manufacturers.

Why should we deviate from this rugged policy when it has made THIS STORE what it is today?

IS PORTSMOUTH REALLY HOSPITABLE?

The young man who came here from Rochester, New York, to work on The Times, and who has written some interesting articles about Portsmouth and her people, arrived at the conclusion recently that people in this section were much more hospitable than those "back east." During a discussion the question was brought up as to whether this hospitality was genuine, or whether it was for show, whether it was hospitality for those who were prosperous already, or whether it would extend to those in ill luck. So this "Man from Rochester" went out on the streets one morning this week to beg for his living, to see just how the people of "Hospitable Portsmouth" would treat a "down and out."

Did he starve? Did he meet with encouragement? Did he have anyone take an active interest in him, or try to find him a job so he could earn a little money? Just what did the test show?

Read the answer in a clever story in next Sunday's Times.

CHURCH RECEPTION IS A BIG SUCCESS; FINE TIME ENJOYED

The reception held Thursday night at the First Presbyterian church was a success foremost as it did the new members of the church, the returned soldiers and sailors, and the new minister and his family. Rev. and Mrs. D. C. Boyd and children, Robert, Jean, and Barbara. In the receiving line were Dr. and Mrs. P. C. Kline, Mr. Charles Scudder, Rev. and Mrs. D. C. Boyd, Mr. F. L. Johnson, Miss Nell Johnson, Mrs. Ben Hopkins, and Mr. and Mrs. William H. Schwartz. A number of the local ministers were among the guests.

The service was surrounded by interested and cheering groups during the evening. Another center of interest was the children and babies who were holding small receptions of their own. In the basement of the church the younger girls and boys were playing games and folk dancing.

The reception was a very satisfactory gathering characterized by the utmost friendliness and cordiality, where groups of people were happy in discussing family happenings and mutual events. There was a loosening of that tension which was the keynote of all war time gatherings. Peace prevailed the reception room of the First Presbyterian church as well as the battlefields. Everyone present participated in an enjoyable evening. Later in the evening delicious cake and tea were served from the platform where an attractively appointed table was used in the service.

Mail Trip Successful

CHICAGO, May 16.—Another successful flight to Bryan, Ohio, and return, marked the second day of the Chicago-Cleveland aerial mail strike. Max Miller, who started the second round trip from here at 9:30 a. m., last night, returned from Bryan with the mail mail at 1:40 p. m. Postal officials were elated at the success of the venture as reports of heavy storms over Bryan had put today's trip in jeopardy early in the day.

Don't overlook the radiator

A shabby looking radiator or steam pipe does not add to the appearance of any room. Why let such things detract from the cheerfulness of your home when they can be improved so easily with—

DEVOE MIRROLAC

The Guaranteed

For radiators, steam pipes, lighting fixtures, picture frames, etc., that require a new finish of gold or aluminum, you will find DEVOE MIRROLAC just what is needed.

For furniture, floors and woodwork there is a MIRROLAC finish that closely imitates various hardwoods such as Light Oak, Dark or Golden Oak, Walnut, Mahogany, Dark Mahogany and Malachite Green.

These finishes stain and varnish in one operation. They dry over night with a high lustre and can be washed with soap and water.

Sometimes we feel that we don't get well-enough acquainted with Briscoe owners. About the only time we see them is when they happen to be passing by and stop in to tell us how much they like the car.

The ordinary ills of a motor-car bother the Briscoe owner very little. It's as nearly trouble-proof as any human product can be. 99% Briscoe-built—that's one reason.

ECONOMY HAS WON THE WORLD'S GREATEST WAR

When the war was to its deepest stage the proposition was left to the economy of this country to win the war and it did it. The war has ended but economy should be practised forever. Economy has a great deal to do in assisting you to keep your high cost of living under control, which we are all well aware of the high cost of living. When you come to look after your purchasing affairs and obtaining your merchandise such as fruits, groceries, etc., if you select a reliable place to do your purchasing then you have performed your duty toward economy. This should be taken from a reasonable standpoint. For instance when you invest a dollar for merchandise and absolutely get a dollar's worth of merchandise in return, why aren't you economizing? There's where the reliability comes in, unless you are dealing at the reliable place you will not get the full amount in return. Our long years of experience in the business has already convinced us that the business success depends wholly upon the reliability and the fairness which may be performed by the business man when he goes to serve his patrons. Our chief aim is to play fair with the public; a square deal is assured if you will give us a call, we are confident that you will call again. We know that our reasonable prices, our fairness and our courtesy will be an inducement to you and you cannot help but call again. Recently we have made some improvement in our place of business and added a line of groceries to our confectionery. Your business will be appreciated.

OUR MOTTO: Squareness and Fairness, Courtesy Always

Tobacco Habit Dangerous

Says Doctor Connor, formerly of Johns Hopkins hospital, thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotin. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotin tablets, take them as directed and by the peristaltic action quickly eliminate the poison from the system. Nicotin tablets refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotin tablets; you will be surprised at the results. Flood & Blake.

Only a corporation, operating scores of cars, can afford to pay a man to do that. But there's your "tip"! If you can't study, and they can't, reap the benefit of their investigation.

If you learn that scores of companies in Chicago, New York, Pittsburgh, Atlanta and San Francisco, use only Diamonds—that taxi companies in New York, Philadelphia, Pittsburgh, Washington and Portland, Ore., average over 5,000 miles on Diamonds steadily—

Then you have positive proof that these business men are convinced that Diamonds are the most economical tires they can buy—

That you can "Cut Your Tire Upkeep with a Diamond."

If YOU want a tire that will bring you back for more buy ONE Diamond.

Can Always Rely on Grandma.

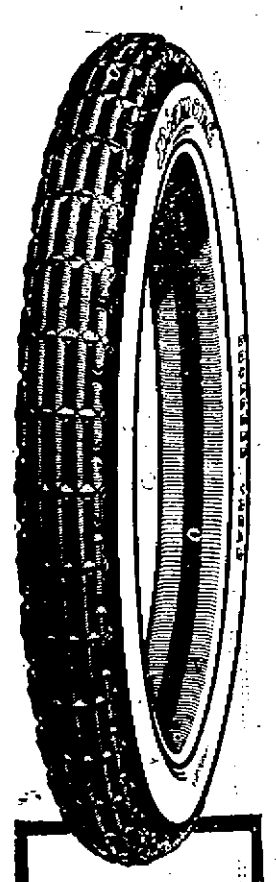

Oliver was in the habit of going to his grandma for favors, and was never disappointed. While playing with the other boys of the neighborhood their football game apart, and they thought they could see it together if they only had a piece of shoestring. Oliver came to the rescue. "Let's go and ask grandma for a shoestring," he suggested. "You can get about anything you ask for over at grandma's."

Soring Glass.

The Scientific American says: Make a solution of 1 oz. camphor, 1 1/2 oz. spirits turpentine and 4 dr. of ether. Keep the end of the drilling tool wet with this fluid. The sharp corner of a freshly broken point of a file is one of the best drilling tools for this purpose.

Creea Wonderful Canoeists.

"The Olkway, the Cree and the Montagnais are the most wonderful canoeists in the world," says S. F. Sanger, writing of "The Woods Indians" in Boys' Life. "They possess a sixth sense in rapid-running and if they say 'run' if you can safely lay a bet at odds that they will run it and come through dry—even through water the mere glimpse of which makes your hair stand up and sends chills chasing up and down your spine."

To Relieve Catarrh, Catarrhal Deafness And Head Noises

Persons suffering from catarrh of the nose, throat and ears, and from head noises, should use the following remedy: Take one-half teaspoonful of the following mixture four times a day, after meals: One-half teaspoonful of Epsom's Salts, one-half teaspoonful of Sodium Bicarbonate, one-half teaspoonful of Potassium Permanganate, dissolved in one glass of water. This mixture will relieve the inflammation and cure the catarrh. It is a powerful antiseptic and will destroy the bacteria which cause the disease. It is also a powerful laxative and will keep the bowels regular. It is a safe and reliable remedy for all cases of catarrh of the nose, throat and ears, and for head noises. It is sold by all druggists and chemists.

TO FIGHT APPLE BLOTCH MENACE

The apple blotch has become a very serious menace to apple production in southern Ohio and is rapidly spreading. In view of this fact a "Blotch" orchard of Martin M. Nesbitt, 2 miles from the State College Farm Bureau in cooperation with Extension Department, Ohio State University, in the orchard of Martin M. Nesbitt, miles east of Lucasville. It is necessary to use Bordeaux mixture, a fungicide spray, for the control of blotch. It is essential that Bordeaux be properly made and applied at the proper time. First application should be put on 2 weeks after the petals fall.

Rest the Eyes. Look up every eye in a while from your work and lay it down for a minute or two now and then, and let your interest focus on more distant things. Thus you will give the eyes a little rest by focusing in another position.

Cocoanut Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain refined coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, lustrous and easy to manage. You can get refined coconut oil at most any drug store. It is very cheap, and a few cents is enough to last you a month.

Rubber "Biscuits." In southern India a factory at which high-grade rubber is made resembles a dairy, the milky appearance of the latex adding to this illusion, as well as the precautions taken to insure absolute cleanliness. One of two methods of manufacture is generally adopted. If the estate is young and only a few trees are being tapped, the rubber is made in the form of biscuits of sheets. The biscuits are placed on racks in a warm room or an artificial dryer and allowed to remain there until dry. The finished biscuits are pale cream colored and transparent, and for this reason are popular on the market for their purity and freedom from dirt can be judged by holding them to the light and looking through them.

When Virginia Seceded. On April 17 in 1861 the state convention, composed of the members of the legislature of Virginia, passed the "ordinance of secession" by a vote of 88 to 55. Virginia, 31 days prior to this, had refused to join the states of America; but the decision of the Confederate leaders to flee upon Sumter and Lincoln's call for 75,000 volunteers on April 15 turned the scale and Virginia threw in her lot with the South.

Man's Trouble Arrested

"The past 4 years I have been going down, down, down with catarrh of the stomach and had to give up my work a year ago because of my weakened condition. I suffered terribly from bloating and colic attacks. May's Wonderful Remedy was recommended to me. I took a course of it and now I am feeling fine. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Flood and Baker, Fishler and Strickland Pharmacy and druggists everywhere."

George E. Matthews, of this county, was one of the committee of the legislature that framed the new bill.

CHANGES IN TIME ZONES

WASHINGTON, May 16.—Several important changes in standard time zones were made today by the Interstate Commerce Commission.

To secure the maximum degree of safety in train operation, the commission changed the boundary between the eastern and central time zones within or adjacent to Michigan and Ohio, to put the Hocking Valley, Toledo and Ohio Central, Kanawha and Michigan and Kanawha and West Virginia railways within the central zone, effective June 1. All Ohio cities located on the zone boundary shall be considered as within the central zone. Portion of Toledo to be put in the eastern zone was denied, as were petitions from several municipalities east of the zone boundary desiring to be put in the central zone.

NEW BANK LAW ON CHECK PASSING

Under the new banking law, which, when they do not have sufficient funds was passed by the legislature a few in the bank to make good the check, weeks ago, it is going to go hard with the section applying to such cases for persons who give checks on a bank flows:

Section 710-170. Any person who, with intent to defraud, shall make or draw or utter or deliver any check, draft or order for the payment of

money upon any bank or other depository, shall be guilty of a felony, and upon conviction thereof shall be fined not less than fifty dollars and not more than two hundred dollars, or imprisoned in the Ohio state penitentiary for not less than one year nor more than three years or both.

As against the maker or drawer thereof, the making, drawing, uttering or delivering of a check, draft or order, payment of which is refused by the drawee, shall be prima facie evidence of intent to defraud, and knowledge of insufficient funds in, or credit with, such bank or other depository. The word "credit" as used herein shall be construed to mean any contract or agreement with the bank or depository for the payment of such

SELBY SHOE COMPANY TO EXTEND ITS FOREIGN TRADE

The Selby Shoe Company has made arrangements whereby it will be more actively represented in New Zealand and Australia. H. M. Marler, New Zealand shoe dealer of Auckland, N. Z., a city of about 100,000 was in the city several days and all arrangements to take care of the Selby business in that territory were made with him at this time. He had been representing the local firm for some time but on a much smaller scale.

Mr. Marler will travel like the sales-

men in this country his territory being New Zealand and Australia. He left here for New York City, from where he will go to London and then back to the states. On his return he will motor with a business associate from New York City to San Francisco. He will get on the job in August three weeks being necessary for his trip on the water back home. He will have offices in Auckland, and several other cities in New Zealand and in Melbourne and Sydney, Australia.

While here Mr. Marler spent much time in getting acquainted with the men running the Selby shoe plant. He spoke of its efficient organization and especially commented on the various special departments. He was very much impressed with the working methods in the big plant. While here he selected a line of samples which are being built and which will be forwarded to him soon. He placed several nice orders on his trip to the factory.

IS ONLY WOMAN IN GREAT BRITAIN TO MANAGE RAILROAD

Miss Elaine Jenkins.

Miss Elaine Jenkins is the only British woman who actually manages a railroad. She inherited the road from her father, the late Lord Glenawee. It is reported that she has increased the family fortune very greatly by her business judgment.

Dreamers Get Nowhere. The Creator has been more lavish with the bestowal of genius than he is credited with. Most folks "have it in them" but they never get it out. They have all the marks of genius and we look to them for great things, but they turn out to be only moldy prospects. Instead of letting the thrill of greatness spur to action they dream of success, and while they are dreaming someone else wins the honor. The trouble is they were not truly great, they were only almost great. An almoster can never keep a level head in high station. Man must be to the manner born to fill the position with dignity and worth.

GRAPHIC STORY OF SEA HORROR TO BE TOLD IN SUNDAY'S TIMES

What happened when a great troop ship was torpedoed in the days when the Hun frightfulness was at its height? How did the men behave? Did the enemy submarine actually come to the top to feast over its victims, and to photograph the scene so as to receive due "honors" from the German War Lords? How were so many saved? How

did they keep alive in the icy waters after their ship went down? These are some of the many questions in your mind since the "war boys" are returning home the yill of war secrecy is being lifted and the facts are becoming known. In Sunday's Times will be told one of the most thrilling narratives of a sea horror you ever

read, and it will be the experience of a Portsmouth boy, now back after doing his share in the fight for civilization. Don't miss this story.

HOME BUILDING CAMPAIGN WILL BE INAUGURATED THIS EVENING

A home building campaign is to be launched at a rousing meeting of all classes of contractors and building supply men in the Board of Trade rooms, Masonic Temple tonight at 7:30 o'clock. Portsmouth is facing a serious house shortage and ways and means will be devised at this meet-

ing to relieve the situation. Every contractor, no matter how large or small is urged to be present. Dealers of any kind of house building supplies are also urged to be present and give the home building campaign an enthusiastic start. Alan N. Jordan, president of the Board of Trade, has called the

meeting and is confident that 75 percent of local contractors will be on hand. Portsmouth's growth is seriously retarded by the fact that houses are so scarce and this situation will be discussed from every possible angle tonight in the hopes of mapping out some effective plan of relief.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons in a bottle containing three ounces of crushed white, shaker, well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of crushed white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

Joseph Daves, age 65 years, a well-known farmer living four miles north of Lucasville, died suddenly this morning about 6:30 o'clock. Mr. Daves had left home with his two small sons, Joseph and Charles, to go to an adjoining farm about one mile away and was suddenly stricken when a short distance from home. Mr. Daves had not been feeling ill, and his death comes as a shock to his many friends.

Dr. J. D. Hendrickson was called and his report will be announced later.

Besides his wife, Mrs. Margaret Daves, he leaves the following children: John Daves, of Lucasville; William, of Miller's Run; Mrs. Mary Crabtree, Lucasville; Martin, Christine, Joseph and Charles at home.

Gypsy Queen "Blew" Then \$20 Disappeared

Henry Derillard, former cook at the Victory cafeteria complained to the police last night that he was robbed of a \$20 bill by a Gypsy woman for a teller on Gallia street last night. Derillard said after taking out his bill of \$20 the fortune teller directed him to "blow" but he refused and then she "blew". The \$20 bill disappeared during the blowing process and then Henry hunted up the officers and told his tale of woe.

Label for Poison Bottles.

Perhaps the simplest of all devices for protecting people from taking doses from poison bottles by mistake is the sandpaper label. The actual label with skull and crossbones is printed on a piece of sandpaper large enough to go all round the bottle, so that when you take up the bottle in the night, no matter how dazed from sleep you may be, rough, unfamiliar feel of the sandpaper warns you and you recognize at once that the bottle contains poison of some description. The printed label will tell the kind of poison in the bottle.

Alleged Beer Stealer on Trial
The case of the state against Ambrose Austin, B. and O. brakeman, indicted for larceny in connection with the theft of two cases of beer from a railroad car in the local B. and O. yards on the night of April 19 last, came to trial before Judge Thomas and a jury in Common Pleas court today.

A similar indictment is pending against Joe Maynard, a B. and O. conductor, who it is alleged, was the star witness for the state as it was he who caught Austin and told him for the police. Holt claimed he saw the men remove the beer from the car. The witness was subjected to a severe cross-examination by the attorneys for the defense in an effort to discredit his testimony. Quite an array of witnesses were present in court and testified in the case. The accused was defended by Attorneys A. Z. Blair and T. C. Healy, assisted by Prosecutor Sheppard for the state.

WARN BERLIN PUBLIC AGAINST DEMONSTRATIONS

BERLIN, Thursday, May 14.—The police authorities of Berlin have issued a proclamation warning the public against demonstrations hostile to foreign residents of the city. The proclamation declares:

"We are fighting against the nefarious policy of imperialism, not against individuals who are not to blame for the policy of their governments. It has been determined to punish such excesses with the utmost severity and any who instigate disorders will also be punished."

ALLIED NAVAL CONCENTRATION AT SMYRNA

U. S. SHIPS THERE
PARIS, May 15.—Thursday.—The United States battleship Arizona and four United States cruisers have arrived at Smyrna, according to an Athens dispatch.

SOCIETY

On Thursday evening, May 15, Miss Marjorie Noelle Hild and Walter Peery Yost were united in marriage at the home of the officiating minister, the Rev. Charles H. Oakley of Third street. The ceremony was quiet, the impressive ring service being used in the presence of a few friends. The bride is an attractive young lady and a daughter of Mr. and Mrs. Bernard J. Hild of Highland avenue. Mr. Yost is the son of Mr. and Mrs. W. V. Yost of Graham, Va., and before enlisting in the Signal corps of the U. S. Army last June, was assistant manager of the local Kroger store. He was recently given his discharge and since then has been connected with the Portsmouth Coal and Ice Company. Mr. and Mrs. Yost have a host of friends who will no doubt hasten to extend their congratulations.

The Frances Barker Guild of All Saints Parish will meet Monday afternoon with Mrs. Howard Newman of 921 Second street.

Miss Pauline Mick of Baird avenue will be hostess of the Progress Club meeting on Monday evening and will be assisted by Miss Mabel Tracy.

All members of the Biscow Juvenile Home and Foreign Mission Circle who have not handed in their birthday pennies since last June are requested not to forget to bring them to the meeting Saturday afternoon at the home of Caroline, Elizabeth and Virginia Nye, 1021 Second street.

Mrs. A. J. McFarland's home on Hutchins street, was the popular meeting place of the Country Club this afternoon. The time passed delightfully with needlework before the hostess served a delectable refreshment course.

The Peerless Auction Club members enjoyed cards today at the home of Mrs. L. G. Locke of Gallia avenue. A most delightful time ensuing. Concluding the game, the guests were served with a delectable luncheon.

Mrs. Jacob Pressler of Eighth street has received word that her son, Private Clarence Pressler had arrived at Camp Mills, N. Y., from overseas and that he would go to Camp Sherman to be discharged. Pvt. Pressler was with the 1st Division but was in a Leflore, France, hospital for some time with influenza. He returned with the 17th Division.

Trolley Line From Chillicothe To Portsmouth Probable

The possibility of the Scioto Valley Traction extending its line from Chillicothe to Portsmouth assumed a definite aspect Thursday when the board of directors of the company and the council and light board of Chillicothe granted the company a franchise to operate cars over the main streets of Waverly and Pike.

At Waverly it was stated today that representatives of the traction company yesterday said that in the near future steps would be taken to secure right of way for an extension from Chillicothe to Portsmouth.

The Scioto Valley Traction company will furnish light and power to Waverly and Pike and will build substations at each place. Waverly recently voted favorably on a \$11,000 bond issue for a new light plant but the project will not be carried out, as that a contract has been signed with the Scioto Valley Traction company to furnish light and power to the village, it is said.

C. H. Cutler, superintendent of the Chillicothe light plant, told a Times man this morning that there was no discussion yet in his village or at Waverly over the extension of the traction line to those places.

"It is a move we have long anticipated and we are assured that work on the extension will be started within a reasonable time. We were unable

to have the traction company fix a definite date for the starting of this work, as there is no way of telling how much trouble the company will have in securing the right of way from Chillicothe to Pike. Mr. Cutler said this morning.

"The right-of-way line must extend through some valuable farms, and this work may progress rather slowly. I believe most farmers in our section realize that the traction extension will mean to them and will grant the necessary right-of-way without any delay.

According to an agreement entered into by Waverly and Pike and representatives of the traction company, the substations at Pike and Waverly are to go up at once. This will mean that these places will no longer have any trouble keeping their houses well lighted. An accident to the Waverly plant last winter kept that village in darkness many weeks before repairs to the light plant could be made.

Lambert Discharged

Private Thomas Lambert of Columbus was the guest Tuesday of his sisters, Mrs. J. W. Gilmer, fifteenth street and Mrs. Edward Danzer, 613 Seventh street. Private Lambert was discharged from U. S. service at Camp Sherman.

Schafer Arrested

William Schafer, Union street laborer, was arrested and brought to the county jail last night by Sheriff Kieckieff on an indictment charging him with failing to provide for his children, who are inmates of the Scioto County Children's Home.

Meeting With Fine Success

Miss M. H. Hall, Scioto County W. S. S. secretary, is enjoying unusual success on her trip to the neighboring counties in the interest of W. S. S. Especially fine meetings were held in the Meigs, Vinton, County, and West Union, Adams County. Miss Hall has been called to Cincinnati, Saturday, for a W. S. S. conference.

PITTSBURGH CAR STRIKE CONTINUES

PITTSBURGH, Pa., May 16.—Pittsburgh entered its second day of the street car strike this morning, calm, unharmed and uncrowded, as contemplated, with the disorderly crowds that cluttered up the sidewalks and railroad platforms yesterday. Today it appeared every one had found their own special jitter, which covered them either to railroad station, where they took shuttle trailers, or carried them to within a few steps of their places of employment.

Even the exorbitant automobile prices of yesterday seemed to have been reduced in most cases and the former users of street cars, who now are train commuters, had nearly all secured strip tickets, thereby eliminating the turmoil at railroad stations.

The strike, meanwhile, continued, with no signs of a settlement in sight.

WITH THE SICK

Howard, son of Mr. and Mrs. John Dawson, Twelfth street is ill with tuberculosis of the lungs. He is in a serious condition.

Dora Powell, 707 Court street is seriously ill with tonsillitis.

BIRTHS

When the Auto Was New.

In March, 1917, in the New York Journal, a writer described his first motor car ride as follows: "In search of a new sensation I went yesterday and rode in a horseless carriage. I dreamed once that I would down Fifth avenue in my pajamas in the full tide of the afternoon promenade and almost died with shame before I awoke. Yesterday I had something of the same strange feeling as I sat there and felt myself pushed forward into the very face of grinning, staring and sometimes feeling New York."

Sincerity First Requisite.

And best of all is sincerity a quality that can be successfully imitated. It twines through the whole emotional fiber; it has its roots in the heart. "Sincerity gives wings to power," is the way an old proverb happily puts it. Go through any list of acknowledged leaders of business and professional life. You will find there are few who have not been preeminently sincere.—H. Addington Bruce.

Two of a Name.

Two neighbors of a young couple who had been married but a few weeks were greatly surprised to hear unmistakable sounds of quarreling between them. "Charlie," the young wife was heard to say imperiously, "if you ever come into this house again and muddle my carpets with your feet, back home you go!" "That's serious!" said one neighbor to the other, and they proceeded to discuss the question whether the young pair could live together another week. The next day, however, a curly-haired black pup was seen playing on the lawn of the new householders. "Charlie," the young wife was saying to the new pet, "I'm sorry I scolded you last night, but your feet were terribly muddy!"

Happiness.

If we are to be happy, we must be happy now; if we are to be happy, we must be happy here; if we are to be happy, we must be happy in ourselves and not in our conditions.—Exchange.

MINISTER IS BURNED TO DEATH

RUNAWAY BOY AND LITTLE KITTEN ARE RETURNED TO INFIRMARY AT GREENUP

When Jimmy Hammon, aged 11, was picked up by the police several days ago he had with him a little yellow cat and said that he was hunting for his mother who was supposed to be on a shanty boat on the river front. However he had been able to find her and had no place to go. The police took him in and instituted a search for the mother who could not be found. After several days fruitless search Jimmy was turned over to the Bureau of Community Service which got in connection with the Greenup County Infirmary where the boy had run away from. A bureau worker then took the lad back

to the infirmary. Jimmy was so attached to the little yellow kitten, the only thing in the world he had to call his own and expend his love upon that the little yellow ball of fur was allowed to accompany him back to the infirmary. Jimmy was happy as long as he had the kitten.

Proper Food Important.
"As a man thinketh so is he." Yes; but also: "As a man eateth so doth he think." For the brain, a part of the body, is built of food.—Los Angeles Times.

Rev. Albert Corns, a former well known minister in Vanceburg was badly burned several days ago at his home in Illinois that his death ensued two days later. A gasoline stove exploded and he was seriously burned about the body, his clothes being turned off.

Rev. Corns was for many years pastor of the Vanceburg Christian church and was well known in Portsmouth.

Feeding Rabbits.

Rabbits need not only green feed, but a solid staple meal every day—preferably of grain—but that is a difficulty at present; bread may be substituted, with a little bran or oatmeal, and always plenty of clean water of milk and water.

Value of Short Sentences in Want Ads

Words are simply rudiments or seeds of thought. Words put together compose sentences—and sentences express thought. To say, "I ran," or "I will come," or "He is clever," is to express thought. It is easier to read short sentences in Want Ads than it is to read long sentences. Be sure that your sentences are connected in thought. Start with the most important thing. Here are two examples:

**30,000 ON
STRIKE IN
WINNIPEG**

WINNIPEG, May 16—Telephone operators in all the local exchanges joined the general strike here today, stopping all telephonic communication.

Perfect order and a lack of demonstrations have so far marked the general strike which today involved nearly thirty thousand workers in almost every branch of the city's activity.

With a strike of the metal workers and building trades on May 1, the walk-out has gathered strength until nearly all the retail stores and plants are involved together with railroad shops and in some cases bakers.

The general walk-out began at 11 o'clock yesterday and spread rapidly to all classes of workers, even clerks in the city hall and 250 post-office employees quitting their places. Police-men remained on duty at request of the strike committee but fire stations were manned entirely by volunteers.

Recognition of the unions and wage-increases were first causes for refusal of the workers to consider arbitration, but several issues were injected by the returned soldiers' organization.

Attorney John W. Long of Waverly was in the city today on legal business.

No Need To Be Thin
Scrawny or Sallow

If you are thin and want to be plump; if you have wrinkles in your face that you are not proud of; if the skin is saggy and subject to pimples or blackheads; take Mifona stomach tablets for two weeks and notice the change.

The majority of the thin people are plain because the stomach does not perform its duties properly. It is not secreted, sufficient of the natural digestive juices and in consequence does not extract from the food enough nutritive matter to build up the body.

Mifona stomach tablets are intended to build up the stomach so that it will not properly extract from the food the elements necessary to form flesh.

If you are thin try two weeks' treatment of Mifona stomach tablets—they are small, easily swallowed and are sold on the guarantee of money back if they do not overcome chronic indigestion, acute or chronic, stop stomach disturbance, belching, heartburn, sour stomach, and any other digestive distress.

For sale by Wm. H. Wood and all leading druggists.

CABLE WILL NOTIFY WILSON OF ASSEMBLING

WASHINGTON, May 16—President Wilson will be officially notified by cable of the assembling of congress when both houses convene in extra session Monday. Congressional leaders, it became known today, have decided that, in view of President Wilson being in Paris, use of the cable was the logical method, going through the customary procedure of notifying him. Ordinarily a committee representing both houses waits upon the president at the White House, informing him that congress is now in session, and asking him if he has any communication which he desires to transmit to it.

Don't Cry Frenchy, Don't Cry—Vocal—Hart & Shaw.
I Know What It Means To Be Lonesome—Henry Burr.
Kentucky Dream Waltz—Nicholas Orlando's Orches. Has all the lingering charm and yearning appeal of "Beautiful Ohio." It is a tune that will not leave you even after the record stops.

Chong—Medley Fox Trot played by Joseph C. Smith's Orches. Two novel effects are the introduction of two pianos with a vocal solo in the chorus. The pianos certainly add a good deal of extra life to music that is already full of "pep."

AMERICAN CASUALTIES DURING WAR 286,044

WASHINGTON, May 16—Revised figures made public today by the War Department showed that the total casualties of the American expeditionary forces during the war was 286,044. Battle deaths numbered 18,909 and the total of wounded was placed at 237,135, with the explanation that this represented a duplication of about 7,000 by reason of the fact that many men were wounded more than once.

DELEGATES TO CONFERENCE ARE APPOINTED

PARIS, Thursday, May 15—(By the Associated Press)—Announcement was made today that the following delegates to the international labor conference to be held in Washington, D. C. next October, have been appointed.

Don't Experiment with Catarrh It Often Leads to Dread Consumption

You Will Never Be Cured By Local Treatment With Sprays and Douches

Catarrh is a condition of the blood and cannot be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results. Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more

and more aggravated and finally reaches down into the lungs, and every one recognizes the alarming condition that results when the lungs are affected. Thus Catarrh may be the forerunner of that most dreaded and hopeless of all diseases, consumption. No local treatment affords permanent relief. Experience has taught that S. S. S. is the one remedy which attacks the disease at its source, the blood, and produces satisfactory results in even the worst cases. Catarrh sufferers are urged to give S. S. S. a thorough trial. It is sold by all druggists. You are invited to write to the Medical Department for expert advice as to how to treat your own case. Address Swift Specific Co., 254 Swift Laboratory, Atlanta, Ga.

HEART ILLS AND NERVOUS SPELLS PASSED AWAY

And This Thankful User Gives All
the Credit To Nerv-Worth

The case was serious. The ill was deep-seated, yet three bottles of Nerv-Worth "brought the answer." But let Mrs. Neuland tell the story as she told it to her druggist:

Steele and Lawrence—I have been troubled for the past few years with heart trouble and weak nervous spells. Sometimes I would have to quit my work and go to bed. I tried different medicines, but nothing gave me any relief. I saw Nerv-Worth advertised and decided to try a bottle. The first bottle sure did give me relief. I have taken three bottles now and feel VERY MUCH BETTER. I can truthfully recommend Nerv-Worth to anyone troubled with heart trouble.

MRS. ARTHUR NEULAND, 412 E. Greenup St., Ashland, Ky.

Your dollar back at Fisher and Streib's Pharmacy, Portsmouth, if this famous family tonic does not benefit you.

The Jenkins Pharmacy sells Nerv-Worth in Oak Hill, O.

Many Like Him.

All newspapers often have advertisements which could be rewritten advantageously. But it took a church paper to offer the most original one yet: "Wanted—A minister who has been married 22 years is very desirous of securing a change."

**It's Easy To Peel Off
All Your Freckles**

The contrast between the freckles and the clear skin usually is so great that no woman can be more than partially successful in attempting to remove them. Ordinary mercurized wax is far better than literally peels off the freckles. Get an ounce of it at the nearest drug store and tonight smear on enough to completely cover the face; remove in the morning with warm water, daily, until every freckle has disappeared.

Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effect is decidedly worth while, the new complexion obtained being so clear, smooth and youthful.

NEW BOSTON

A large company of men and women from Trinity church, conducted an inspiring service at the Glenwood M. E. church last night. The efficient choir was in charge of the music and pleased the audience with several special numbers. In the absence of the pastor Rev. N. E. Butler, who is now in Kentucky in the interest of the Centenary movement, Charles Bennett, was in charge of the service, the topic being "The Passion for Stewardship and Its Results." C. P. Price, Harry Craunton and Miss Elizabeth Farmer gave very interesting talks of the use of our time and money for the work of the Master.

The people of the Glenwood church highly appreciate the work and interest of the churches of Portsmouth. We are expecting another great service this evening, which will be in charge of the people of Mount Zion church. The topic is "The enthusiasm Which the Centenary Kindled In Our Church."

Misses Vera Smith, Bianca Stratton, Emma Addie Lillian and Josephine (Lillian) and Aurilla Emory composed a motor party and attended the commencement exercises of the Soloto county Normal school, last evening at Wheelersburg.

The George A. Ditty Camp W. O. W. held their regular session last evening in their hall on Ohio avenue. The dinner work was conferred upon six candidates. The order is increasing rapidly in membership and has taken in a large number of members in the past few weeks.

Mrs. H. C. Shuckelard entertained the members of the Local Workers' Sunday School class, of the Christian church, last evening at her home on Rhodes avenue. A large number of members were present and a very interesting business session was held followed with a social hour. Refreshments of strawberries and cake were served by the hostess.

The next meeting will be held May 25, at the home of Mrs. Sam Mowery, of Ohio avenue.

James Semmes has disposed of his grocery on Gallia avenue, the stock of goods being sold to John Patton who will take possession immediately.

Mrs. Olin Steadley, of Spruce street who sustained injuries in a fall several days ago is improving.

Mrs. Eto Canley, of Spruce street and Mrs. J. H. Canley of Cedar street spent today with Mrs. Andrew Davis of Ninth street, Portsmouth.

Mrs. Carl Jenkins, visited Everett Artie yesterday, who is ill at Hempstead hospital.

Kelley Brothers have begun the work for the paving of Stanton avenue.

The pupils of the Fourth grade of the Stanton avenue school had as guests in their room, this afternoon, their parents. A short program was given which was prepared by their teacher, Miss Martha Beutley.

Mr. and Mrs. Harry Martin have moved from Portsmouth to Cedar street.

Mr. and Mrs. Thomas Mevins had as guest Thursday, Mrs. F. R. Davis, of Portsmouth.

The Jr. O. C. A. M. will meet in regular session this evening in their hall on Ohio avenue.

A large number of tickets have been sold for the play "Anita's Trail" which will be given this evening in the Glenwood High School auditorium by the Soloto county Normal girls.

THIS TAKES SCRATCH OUT OUT OF PHONOGRAPH RECORDS

Wouldn't you like to play all your phonograph records, loud or soft, without the exasperating scratch, rasp or surface noise? The Vitrophone Controller enables you to do this, and to absolutely control the volume of music at will.

The Vitrophone Controller fits any needle, phonograph, as easily as the needle. Vibrant tenor and soprano voices ring out as smoothly and sweetly as though the singers were in the room. You hear the artists without hearing the phonograph. Rasp, scratch and surface noises are eliminated, and what is more the Vitrophone saves records and needles, effecting a saving of 100 per cent on supplies.

YOU CAN USE ORDINARY LOUD TONE NEEDLES TEN TIMES INSTEAD OF ONE. They just touch the record, which means less wear and tear on records and needles too. A dollar bill brings you half a dozen Vitrophone Controllers by mail. Try one with your fondest record. If the result isn't amazingly satisfactory we will refund your money without a murmur.

Six Vitrophone Controllers are guaranteed to last eight years. Trade your money for music. Send dollar bill for six Vitrophone Controllers today—NOW. Vitrophone Controller Co., 400-402 Bell Block, Cincinnati, Ohio—Advertisement.

COMMENCEMENT AT LUCASVILLE

The Valley Township High school commencement was held Thursday night in the Lucasville. Community house at eight o'clock with ten graduates receiving diplomas, showing that they had completed their grades and high school course.

The graduates this year are: Marie Deanebeck, Abraham Hickman, Winifred Massie, Frank Doll, George Doll, Eva Spriggs, Nella Dixon, Gertrude Minford, Laura Kimbler and Margaret Crowe.

Hansen's orchestra of this city furnished the music. Rev. A. H. Beardsley of the Lucasville M. E. church gave the invocation and benediction. "The Advantage of Difficulties" was the subject of an oration by Gertrude Minford. Abraham Hickman's oration was on the subject "Bohemism." Our Schools" was the title of Laura Kimbler's paper. H. J. Christman, D. D. of Darton, president of the Reformed Theological Seminary, gave the class address. He delivered a splendid talk to the large number present using for his subject "Selfishness." Professor F. K. Stratford head of the Valley Township schools presented the diplomas. He complimented the graduates on their good work.

Intoxicated Driver Fined

A man giving the name of Alex. Dickhart was convicted in police court this morning on a charge of driving a motor vehicle while intoxicated and May-

or Kaps plastered him with a fine of \$50, and costs. Dickhart was found dead to the wheel in his machine, which he had stopped on the river bank at the head of Market street.

Thin, Nervous Folks Should Take Bitro- Phosphate

Women Need It to Bring Pink Glow of Health to Pale Cheeks and Fore-
stall Tall-Tale Lines of Age.
Men Need It to Make Strong
Vigorous Bodies and
Steady Nerves

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, nervous debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Excellent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a fine grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

Weak, tired people regain strength and vigor; thinness and emaciation give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace dejection and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

Bitro-Phosphate, the use of which is recommended, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks. It is sold by Fisher & Stretch Pharmacy in Portsmouth and all good druggists.

At times, although Bitro-Phosphate is unsupplied for scientific purposes, it should not, owing to its remarkable strengthening properties, be used by anyone who does not desire to put on flesh.

Notice To All Contractors

You are requested to be present at an important meeting in the Board of Trade rooms, Masonic Temple, tonight, 7:30 o'clock. Your presence is absolutely necessary.

We Don't Do It New.
Mrs. Deacon Philander, who had been in bed a week suffering from a nervous breakdown due to overwork in cleaning her house, suddenly rose up to bed and screamed: "I must get up! Let me up!" She was restrained by force. She sobbed and said: "There is some dust on the mantel behind the clock and it has been there a week. I meant to clean it up, but forgot it until this moment." If the physicians can find an antihomework toxin they offer hopes that Mrs. Philander will eventually recover some of her former health. Mr. Philander has made arrangements to have her guarded night and day to keep her from committing suicide by useless housework.

THE MOVIES

See Fatty Knit!

Roscoe "FATTY" ARBUCKLE in "CAMPING OUT" A Paramount-Arthur Comedy

Fatty Arbuckle's New Comedy "Camping Out" at the Lyric Tonight and Other Good Comedy Pictures
"Fatty" is a big scream in this new comedy "Camping Out" and if you want to have a big laugh don't fail to see it. The rest of the program is all comedy—a two reel flag comedy called "Independence Day" is a feature in itself and you'll get another big laugh out of the Charlie Chaplin comedy "Four of a Kind." Don't miss this big comedy bill. You'll be sure to want to have a big laugh don't fail to see it.

George Walsh in "Never Say Quit" A Comedy Riot in Five Acts at the Columbia Tonight and Tomorrow

Written is at work with a new feature on which his wife presents him. "Never Say Quit," the George Walsh triple play. Everything goes wrong for the Columbia tonight and the more wrong things go, the more the audience must laugh. Tomorrow, the hoodoo does not move the audience must laugh. It is the story of a man who is in his endeavor to escape the fate which he is born to. George Walsh leaps over scenes and life in pictures.

scrambles over rooftops, but all in vain. Sharpers fleece him, bandits rob him. His aunt leaves him a fortune, but he never gets it. These are only a few of the queer things the film does. From the beginning to the end of this William Fox comedy bad luck hangs at the heels of poor Jones and gets him into a multitude of funny scrapes. George Walsh, the star of the picture, thinks nothing of scaling walls and jumping from housetop to housetop in his efforts to dodge the jinx. But it is all in vain. Crooks empty out his pockets just the same, and friends turn out to be enemies. He meets with one disaster after another on his ocean voyage after sunken treasures. When one of these disasters befalls his wife he thinks he is done with the jinx forever. But even that is not to be.

Features at the Arden
Star Potts has arranged for tonight's showing two extra good features. One of the headliners is a Tom Mix special attraction entitled "Sitting in Western Stuff." It is his latest two reel and a force comedy supreme. Don't fail to see Tom Mix in this feature number. "The Web of Crime" is a two reel special booked for tonight only. It will take you from the exciting western scene in the big city's underworld. A gripping story that will hold your undivided interest. A Billie Rhodes comedy in one reel closes the program.

See Mitchell Davis at the Temple Tonight in J. Stuart Blackton's Special Attraction "Life's Greatest Problem"

What is conceded to be one of the most unique and entertaining pictures ever screened will be shown at the Lyric tonight, when the manager, Mitchell Davis, presents the picture "Life's Greatest Problem." What is the story? It is a human one. All of us have problems that we think are the greatest perplexities on earth. "Life's Greatest Problem." What is the story? It is a human one. All of us have problems that we think are the greatest perplexities on earth. In "Life's Greatest Problem" you will find the supreme triumph of the King, Houdini.

Mary MacLaren the American Beauty of the Screen in "Creaking Stairs" A Gripping Suspense Drama at the Lyric Tonight and Tomorrow. Also Two Reel Comedy
Here's a different kind of a motion picture, a drama with a thrill in it that keeps on thrilling keeps on building up and up till you forget all about being in a theatre, you're right there in the spot with Mary MacLaren trying to get out of just about the worst tough track situation a wife ever found herself caught in. See her climb those creaking stairs, see what she carries, see why she had to make the trip and you'll see real drama for once in your life in pictures.

through it all a moral of manliness and honesty is held out that seems to purify the story of treasured love on which the play is based.
On the Pike.
The old national pike, that magnificent road that used to run from Maryland to Illinois, witnessed some sharp battles of fast driving and many an adventure of travel. The New York Tribune tells one story about Henry Clay, who was sometimes called the "Father of the Turnpike." He was travelling along the pike in a coach, when the horseman and spilled him out headlong into the river. "No harm done," he said when the driver rushed to pick him up. "Only a poor mixture of Pennsylvania sand and Kentucky clay!"

Shaw And Uhl Roll Into First Place In Masonic Tourney

Hang Up Score Of 1,067, Earl Reinhard Annexes First Place In Singles

Albert Uhl and Salem Shaw took the lead in the two men tourney at the Play House last night, shooting a total of 1,067, and beating the score of 1,041 made by Strimatter and Spencer by six pins. It was a great surprise, especially when it becomes known that these two players turned in a score of 203 in their first game. Thereafter, both set sail for lofty heights and thanks to the fact that neither experienced any engine trouble, they landed along like "thunderbolts" in the second game gathering a score of 435, the highest two men score ever made in the city. Shaw got 224, while the bank clerk came through with 211. They both rolled nicely in the last game, hanging up a score of 370. Shaw totalled 661 while Uhl came through with 506. Their score will doubtless ride to first place in the singles, Earl Reinhard was away out there, getting a score of 555, which puts him safely in first place. At least that is the general supposition in the absence of the average first for the entire season. Unfortunately, Reinhard unhooked his scores, Charles Scudler was leading in the singles, scores being based not on volume, but on averages. Reinhard had done nothing noteworthy in his doubles and his scores in the singles came as a surprise, although he is one of the best bowlers in the league. This year, however, he has not been able to get going properly, but managed to do so might well in his singles and will have the supreme satisfaction, it is thought, in rounding over some prize money.

William Briggs and President C. E. Nodier were all set for a big slice of the prize money in their doubles, getting away to two good games, but primarily to some brilliant work on the part of "Tink" who averaged better than 200 in his first two games. Then something happened—spills and misses—with the result that the last game was under 200 and all their chances were slimming.

Charles Scudler did some great work in his doubles totaling 541, but his partner Chad Horv was unable to give him the necessary assistance and fell by the wayside in his honest endeavor.

The rolling last night was of a little better grade, but outside of the work of Reinhard and Shaw and Uhl, no records were smashed. The tourney will come to a close this evening, unless otherwise decreed by the directors. Much interest has been manifested throughout and the tournament will go down in history as the most successful ever conducted under the auspices of the Masonic League. The scores of last night follow:

| Doubles | 1 | 2 | 3 | Total |
|------------|-----|-----|-----|-------|

Protest Against Fight, Toledo Mayor Favors It

TOLEDO, O., May 15.—Protest against the Jess Willard-Jack Dempsey heavy-weight championship battle scheduled to be decided at Bayview Park, a municipal owned plot of ground here, July 4, is expected to be in the hands of Governor Cox, of Ohio, and James F. Mathias, sheriff of Lucas county, today.

These officials together with Mayor Schreiber, of Toledo, were requested by the Toledo ministerial union, an organization of 50 churches, to prohibit the contest.

Mayor Schreiber's answer to the protest was a statement today that the government had made boxing a part of the curriculum in the army and navy and that the battle would bring thousands of visitors to Toledo, who will expend hundreds of thousands of dollars. The contest, the mayor's statement added, would stimulate Toledo's business, provide employment for labor, bring the advantages to Toledo, natural and industrial, to notice in every section of the country and result in enriching the city's charity fund by approximately \$25,000. Seven percent of the gross receipts of the contest are to be donated by Tex Rickard, the promoter, to the fund.

"I am moved to concur in the action of the boxing commission granting authority to the Toledo Athletic Club to hold the bout because of these reasons and because it will be conducted in the same manner that all boxing contests are produced in this city; that is, under the control of commission," the mayor said.

IS SIR BARTON ANOTHER CLAUDE?

Sir Barton traveled nearly 1,500 miles from Pinole to Louisville and back again to win two of the biggest turf prizes of the year. He is the first horse since the great Western racer, Claude, to successfully undergo long distance traveling and then, without preliminary preparation, win two such big stakes.

Claude won several of the big derby races in 1903 under such conditions and was designated the horse with an iron constitution. He began by winning the California derby at San Francisco with 117 pounds up. Then he was shipped to Nashville, where he won the Tennessee derby with 122 pounds. Next he finished second to The Picket in the American derby at Chicago. Following that hard race he annexed the Canadian derby at Hamilton, Ont., the St. Louis derby in the Missouri city, and later the Toronto cup, in which he competed with older horses.

TRACK TEAM IN GOOD SHAPE FOR MEET

Eleven events will be contested at the track meet between Portsmouth high school and Charleston III, at Charleston, Saturday afternoon.

The events include: 100 yard dash, shot put, 440 yard dash, broad jump, discus throw, 220 yard dash, pole vault and half mile run, and will be held in the above order.

The following entries will be made by the P. H. S. Team: 100 yard dash, Williams, Strimatter, Brash, shot put, Muller, Moritz, and Strimatter; 440 yard dash, Williams, Brash, Anderson and Strimatter; broad jump, Williams, Anderson, Moritz, and Muller; mile run, Lett and Staten; high jump, Williams, Muller and Frowine; discus throw, Hopkins, Moritz and Muller; 220 yard dash, Williams, Strimatter and Brash; pole vault, Muller and Frowine; half mile, Lett, Staten and Anderson.

The entire team will make the trip. Captain Tom Williams, Strimatter, Muller, Moritz, Brash, Lett, Staten, Hopkins, Frowine and Anderson.

Cancels Match

NEW YORK, May 15.—Billy Gibson, unannounced today that he has canceled the proposed match between Ben Leonard and Jack Perry, the Pittsburgh light weight, which the Verne A. C. of that city, tried to stage at the Duquesne Garden, as Gibson feels that the bout would not draw and that Leonard has now only two fights left with Young Eric of Buffalo at Trenton, May 19, and Jimmy Trafy at Buffalo on May 23.

Reds Win Great Game

Oh, those Redlegs! They blanked Brooklyn, 10 to 0 Thursday. The 10 runs were scored in the thirteenth inning. Eller and Marmar staged a wonderful pitching battle. Here is how the Reds scored their cluster of runs in the fatal thirteenth:

Bath walked. Malone fumbled. Scudler's hit. Marmar threw. Grob's lead to third. Roush tripled, sending in three runs. Magee struck out. Danbert died to Myers, scoring out. Danbert died to Myers, scoring out. Danbert died to Myers, scoring out.

Cancels Match

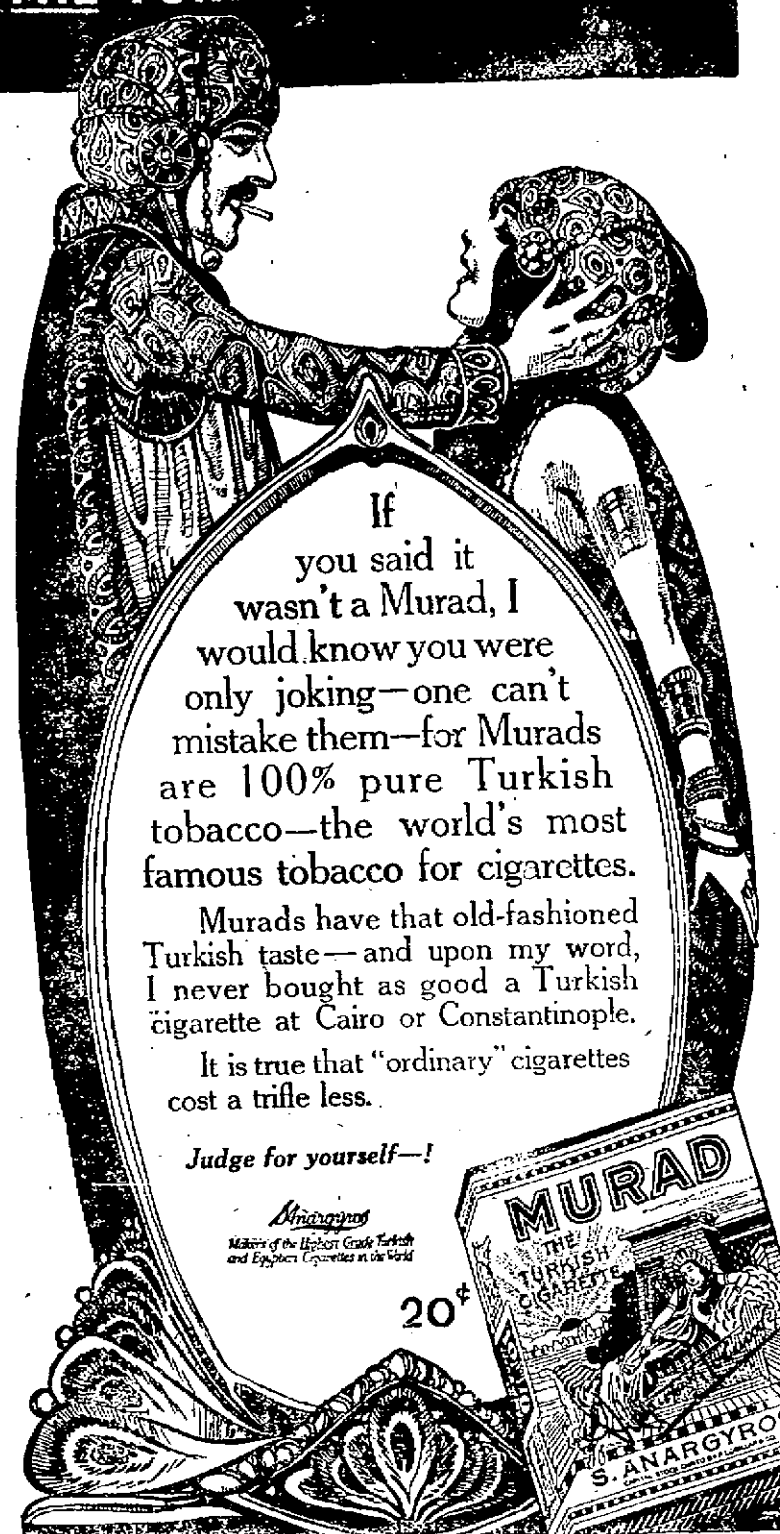

NEW YORK, May 15.—Billy Gibson, unannounced today that he has canceled the proposed match between Ben Leonard and Jack Perry, the Pittsburgh light weight, which the Verne A. C. of that city, tried to stage at the Duquesne Garden, as Gibson feels that the bout would not draw and that Leonard has now only two fights left with Young Eric of Buffalo at Trenton, May 19, and Jimmy Trafy at Buffalo on May 23.

One Sunday Game In New York

BROOKLYN, May 15.—Manager Moritz and Frank Baumgartner are disappointed because the Reds got only one Sunday game in New York. The date, July 20, which will belong to them, was granted by the Cubs and our boys will play in Brooklyn on that day instead of at the Polo grounds. All Sunday games in New York and Brooklyn will be moved up from the final series in August instead of from the Monday following the Sunday game. This means that the Reds will play five games with the Giants on the present trip instead of four.

Gypsies Stage A Riot

The police were called to quell a disturbance which broke out among the band of Gypsies that have been camping for several days at the foot of Kendall avenue, East End. During the trouble between the gypsies and the police, several shots were fired but the riot was quickly put down by the police. This morning when Mayor Keps was advised of the trouble he promptly revoked the license granted to the Gypsies and ordered the police to run them out of town.

ATTENTION! MEMORIAL DAY COMMITTEES

All decorating squads of the Sons of Veterans, Spanish War Veterans and Boy Scouts are to meet at the corner of Broadway and Gay Sts. on Sunday May 18 for final arrangements and instructions for Memorial Day. At this meeting the various squads are to turn in the number of soldiers' graves in the sections assigned them. This is of utmost importance as the committee will use these figures as a basis for arranging flags and baskets of flowers. All members of these different squads are urged to be in attendance at this time. Don't forget the hour 2:30 o'clock.

ONE SALOON TO BE OPEN MAY 26

There will be one saloon open in Portsmouth on Monday, May 26. That Copeland, who operates a saloon in the Miller building on Gallia street, formerly occupied by the late Jacob Findeis, will pay \$305 to keep his place of business open on this extra day. He has an exceedingly large supply of liquor on hand and feels that the additional day will give him ample opportunity to get rid of it "within the law."

For keeping open this extra day, Copeland will pay a license fee of \$105 and a state fee of \$200. All other saloons in Portsmouth will close their places of business as well as goods emporiums at 11:30 Saturday, May 24.

Vinol will Stop a Cough and Break Up a Cold

A constitutional remedy that removes the cause by building up the system. These elements contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its recurrence. It has given ninety per cent satisfaction for sixteen years. HERE IS PROOF:

Dunn, N.C. "I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time. It made me eat and sleep well, better every day."—J. C. Bagley, Dunn, N.C.

Lagrange, N.C. "For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My doctor asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever known."—W. D. Rice, Lagrange, N.C.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Forger Caught

A man who gave his name as Clid Davis, 22, and claiming Ashland, Ky., as his home, was taken into custody this morning by New Boston officers after he had passed a forged check for \$20 to J. B. Elamers, New Boston butcher. When searched Davis had two checks in his possession signed supposedly by W. J. Williams, Chillicothe street jeweler, for \$20 and \$30, respectively, which he had previously attempted to pass in the village. Davis is evidently the same man who tried to pass bogus checks in this city yesterday. A charge of forgery was placed against the prisoner by the New Boston officers.

Literary Society Will Present Program Tonight

The Sophomore Literary Society will give a program this evening at 8 o'clock at the High School auditorium which is a digression from the ordinary and approaches the professional in stage setting and talent. Part one of the play will be literary having several musical numbers, and read.

Part two will be delightful, a scene laid in old Madrid, where police costumes will twist to stringed harmony. Spanish songs and dances will be featured. Joe Smoots, Dorothy Bernot, and Ruth Stretch will dance with cap-lancers and to native accompaniment.

To these Literary Society programs everyone is invited, young children having to be accompanied.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1919, by Western Newspaper Union)

LESSON FOR MAY 18.

THE GRACE OF GOD.

LESSON TEXTS—Ephesians 2:4-10.
GOLDEN TEXT—We believe that through the grace of the Lord Jesus Christ we shall be saved, even as they.
ADDITIONAL MATERIAL—Genesis 1:1-4; Col. 1:9; John 1:16; 1 Cor. 15:10; James 4:6; 1 Peter 4:10; 2 Peter 3:18.

(Grace means unmerited favor. God's grace means his kindness toward us through Jesus Christ. (Eph. 2:7.) God's mercy does not go out to men because they are good but because he is good and desires to bestow that goodness upon lost and ruined men in order to make them good.)

1. The Grace of God in Salvation (Eph. 2:4-10).

Grace brings salvation; it does not send it. Jesus Christ, who is the embodiment of God's love and grace, came bringing salvation with him. In order to apprehend what the grace of God has done, observe:

1. Man's natural state (Eph. 2:1-3). In the natural man is found all that is opposed to the will and purpose of God. (1) Dead in trespasses and sins (v. 1). The supreme need of the dead man is life; therefore he must have life from without himself. The characteristic of one who is dead is that he is (a) without sensation—"dead feeling" (v. 1-3). (2) The natural man, therefore, can neither love God nor hate sin until he is made alive. (3) Without motion. Activity is the demonstration of life. So far as God and holiness are concerned they are motionless. They are as helpless as Lazarus was in the grave. (4) Under the control of fleshly and worldly lusts (v. 2). The carnal nature holds sway over their lives. (5) Under the domination of Satan (v. 2). All unregenerate men and women are ruled by Satan. Since he is the god of this age (2 Cor. 4:4), the prince of this world (John 12:31), all who have not been freed by Christ are under the rule of Satan. (6) Under the condemnation and wrath of God (v. 3). Over all these—death, worldliness, disobedience, lust of the flesh—hangs the wrath and condemnation of God.

2. Man's state by grace (2:4-10). (1) He is alive in Christ (v. 5). The Holy Spirit lays hold upon men dead in sin and quickens them into life. (2) He is united with Christ (v. 6). God's grace not only makes lost men alive but raises them up with Christ. (3) Association with Christ in glory (v. 6). Christ's incarnation has so identified himself with the race that those who are saved are raised up to be with Christ and shall ultimately share his glory. The actual principle of God which moved him to lay hold upon lost men is his love (v. 4). Man's salvation is due entirely to God's grace. Not only the salvation has been provided in grace but the faith which appropriates it is God's gift (v. 8). Works as grounds of salvation are absolutely excluded. (4) The purpose of God in the salvation of men (v. 7, 10). (a) It is to display his grace in the coming ages. The demonstration to the inhabitants of the spheres in which sin has not entered, in the ages to come, will be the transformation of dead and lost men and their exaltation with Christ. (b) To glorify God through their good works (v. 10; cf. Matt. 5:16). While good works have absolutely no part in the salvation of men God's purpose in saving them was that they might do good works.

3. The Grace of God in Right Living (Titus 2:11-14). Grace is not only essential to salvation but essential to right living. It teaches saved men (1) to deny ungodliness (v. 12). The saved man has the divine nature. The grace which has saved him teaches him the necessity of a denial of everything that is opposed to God. (2) Worldly lusts (v. 12). The redeemed man is surrounded with the things of the world which have a downward pull upon him. The grace of God teaches him to renounce them. (3) Sober living (v. 12). The grace of God teaches the saved man self-control; to have the reins of his nature well in command and to rule with a strong hand. (4) Righteous living (v. 12). The grace of God teaches the saved man to live uprightly with reference to those about him. (5) Godly living (v. 12). It teaches him to so live in this present world as to enable him to meet God and abide in his fellowship. (6) It teaches the right motive in living (v. 13, 14). The blessed hope of the glorious return of the Lord Jesus Christ is the grand incentive to holy living in this present world. He that has it will keep himself pure. (1 John 3:3.)

THE TIME TO BUILD

AS heretofore adverted to in these columns there is an insistent demand in Portsmouth for more dwelling houses. Building operations in that direction, however, are considerably restricted because of the high cost, wages and material locally experiencing the advance common to all of the country, and many waiting for lower prices. General conditions do not, though, point to reduction.

For what is the demand in Portsmouth is the demand everywhere. In fact, the call for more roofs under which people may comfortably domicile themselves is one of the inexorable situations. In metropolitan and in small city is the same problem. Unwieldy activity in apartment deals and construction prevails in Chicago. There many apartment houses are changing hands and plans are underway today for the construction of sixty new ones. As these rule around a million dollars a piece it is evident that all money can do fails to keep up with the demand for many dwellings are being erected and finding new owners. It is nowise different in New York. That city runs rather to hotels than apartments and it is unable to put up enough to fully accommodate the patronage that offers. Only this year two were opened with a rooming capacity of three thousand, yet both were turning away would be guests in April. Youngstown, Dayton, Marion insistently utter the same cry, more homes needed.

There seems to be but one conclusion from all this, now is as good time as any to build because tenants are assured and, of course, rents are as high in proportion as cost of construction.

NOT THE ONLY PUMPKIN

AMERICANS, without knowing or caring, are given to believing whatever is here is bigger, not to say better, than any like thing to be found elsewhere.

As relative, we speak of base ball as the national game, brag on the crowds that attend it and wonder why other nations don't have anything to compare with it. They do and in unexpected places they rather put us in the shade, with our boastful world's series, which is contested out between no more distant points to each other than New York to Philadelphia, or sometime Chicago and Boston, and then even up by being confined solely to the Windy City. But there is another game that tops base ball, being played all over the earth, while base ball is strictly an American institution, and this game has series that actually involve more than one country. They call it soccer. What it is we confess we don't know, but it sounds like a half brother to shimmy. Down in Rio Janeiro, yesterday, they started a series between Brazil and Chile for the championship of South America, and a few thousand persons, thirty-five thousand to be exact, attended the opening game. The home club won and it was not necessary to mob the umpire.

BY WAY OF COMPARISON

GERMANY is making a great outcry against the peace terms. She calls them harsh, unjust, destructive, eye, infamous, and except for Maximilian Harden, there is not one voice in which they are calmly considered before the people.

It isn't unnatural in Germany to complain. A thief never felt the halter draw unless he wailed that he was the innocent victim of cruel power.

When Germany was riding rough shod over her enemies, when she was as she thought, proving might was superior to right, her people were proud of her glory and unmindful of the shocking visitations made upon neutral and foe alike. She ruthlessly sunk the ships of Sweden and Norway, why? Because with herself alone holding the shipping resources of the world, when victory came, she would grow fatter still upon the commerce of the world. She seized French mines and operated them. When defeat came she destroyed them. Why? That France might not be able to keep pace with her in the work of restoration. She seized Belgium's money resources and compelled the Belgians to take therefor her own paper currency, not worth fifty per cent of par. Greed and that she might have control of the metal coin of the world.

From this we can surmise all too well the terms of peace she would have put upon her enemies had she conquered. That, however, is beside the question. Germany is only being made to compensate in part, by no means in full, for the things she stole and destroyed. Utter bankruptcy and extinction would be her portion if attempt were made to collect the whole bill.

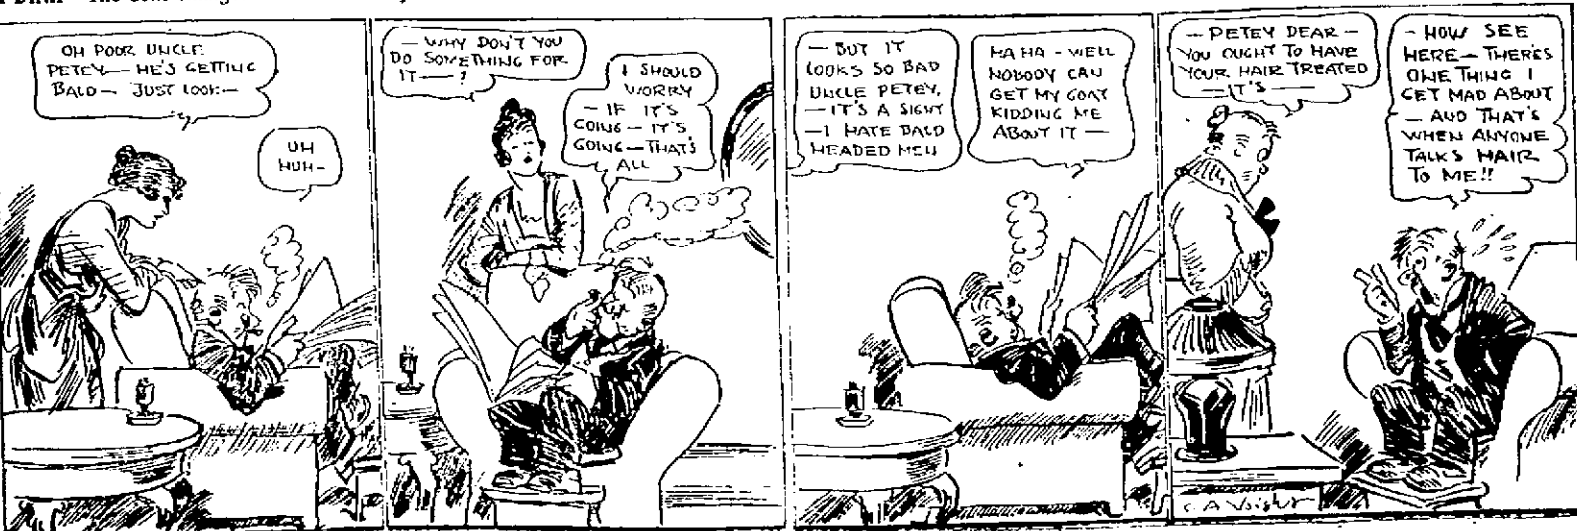

No, indeed, we don't like everything the peace conference did, but then if we had been on the job ourselves and bossed it, there would have been some newspapers fool enough to find fault with the conclusions of muzzling wisdom. So we take the grain with the chaff, finding it on the whole most excellent.

PETEY DINK—The Goat Changes Hands in a Hurry.

BY C. A. VOIGHT

The state farm bulletin presents a doleful fruit prospect to view, claiming the belated cold weather practically destroyed all the tree fruits, except apples to some exception.

You may call it a good point about them if you choose, the truth being the Bolsheviks can stand more punishment than the ordinary run of mortals. Just look how they are licked every day. It is evident, though, they have lost the old Russian habit, as otherwise they would not be caught up with every twenty-four hours.

Knowing the nature of the tribe we can say no worse affront could be given those Irish delegates in Europe from the United States than ignoring them.

Portsmouth and New York both have their housing problems, but how much worse it would be for New York if she only had to pay Portsmouth realty prices.

Those airplanes are not off yet for that ocean journey. Must think they are to have a peace conference.

THE WISHING PLANE

Dr. Cheer told Jack and Jane many wonderful stories of flowers while they were walking about his home on Beautiful Island that day.

"You children must be sure to remember all of the things Dr. Cheer tells you, and all the wonderful things you see on the trip around the world, so that Mother and Father will be glad to hear of them when they come home," said Captain Brice.

They were sitting on the Doctor's porch then, watching the sun go down.

It was a great big ball of red, just like the children had seen at home, but far more beautiful.

It threw weird lights on the flowers and bushes and trees around the house.

"Now we have to wait until tomorrow for the sun to go around the earth and come back where we can see it again, don't we?" said Jack.

"We have to wait until tomorrow to see the sun again," said Dr. Cheer, "but we go around the sun. It is over a million times bigger than the earth and couldn't take the time to go around us. The earth turns clear around each day. But because we are standing on the earth we think the sun moves. But instead of that, while the earth is turning round and round, it moves around the sun, too. It takes a year for the earth to travel once

around the sun."

Then Dr. Cheer made the children happier than ever when he said: "If Captain Brice is willing, we will go way up above the clouds in the airplane tonight, where we can see all the stars plainly, and I will tell you more about them."

Captain Brice was glad to take them up. But I can't tell you today what they saw.

NEW YORK, May 16.—Thoughts while ambling about Newspaper Row: Like to dip under Brooklyn Bridge. All the sounds are weird and hollow. Can feel the tremor of the printing presses. Nothing in the world so fascinating as the smell of printer's ink. Horace Greeley used to loaf in that little tobacco shop. Dana bought cigars there.

There goes snuff printers. Fine, ro-mantic people those compositors—all smeared with ink. Cracked at times, but loyal. There's Black Mike, the newsie. Quite a character. HENRY M. ROBINSON

Henry M. Robinson has been appointed a member of the U. S. shipping board by President Wilson. He is in charge, in Paris, of our American marine affairs and substitutes Edward M. Hunter on the International Labor board. He is in charge of the furnishing of the ships for re-arming Europe; providing transportation for the return of troops; in charge of the communication and the building up of our cable service and is giving much time to the study of international trade, marine insurance and banking facilities which would be of benefit to the American merchant marine.

H. M. ROBINSON

He was born at Havensville, Ohio, fifty years ago and is a graduate of Cornell. An engineer and executive of wide and varied experience, he has organized and managed a number of mining, electric light and power and other engineering enterprises and has had experience in shipbuilding.

During the first year of the war he served on the council of national defense, and last July became assistant to the chairman of the shipping board. Upon the signing of the armistice he assembled the shipping data necessary for the use of the peace conference, and in January sailed for Europe to serve as special shipping commissioner. Upon the return of Dudley to the U. S., Mr. Robinson remained aboard in charge of the shipping board organization. He was the American shipping representative at Spa conference and presided over the international conference at Brussels when German ships held up in German ports were released to the allies.

You back to the day of the ten-twenty and thirty high up in the gallery. The villain, the den under Brooklyn Bridge—a female figure shooting through space to the waters below—an old boatman in a faded jersey and cap tugging at the oars. The do-mestic laugh!

Funny to see little window boxes in such tumble-down buildings. Lily in a vase. There goes P. P. A. of the Tribune on a bicycle. Young chap in horn glasses is a book reviewer. Reviewers are too young these days. Smart alecks. Still the elderly reviewer usually missed fire with his life. Why is a review anyway?

Order houses, leather, type-found-ers, hides—look at the old news-woman smoking a cigarette. Gay for her age. Wonder where they live. Have to get up before daylight. Like to watch the newslads at Max's Busy Bee—everything is a penny. Max has a place up on the Hudson and comes to town now and then in his yacht to buy polo mallets.

That mail wagon driver nearly got me. I'm for electrocuting all of them. Horse collar in a window. Come to think of it, I haven't seen a horse collar in a window since I was a boy. Poor horse collar makers—not much to do. Looks like I gotta buy my own lunch.

Bille Dintley has landed on Broadway with a bang. His play, "Come Along!" is one of the hits of the town. Bille came from Kansas with step-overs at Kansas City, where he ran a column on The Times that created wide comment. He was going to go out ahead of a show in New York, but the Morning Telegraph needed a columnist, and so Dudley took the job. His bright, snappy observations attracted the Evening World and an offer lured him. He has been writing about Broadway for the Evening

World for six years. Three years ago he married one of New York's celebrated beauties and now he is a successful playwright. Oh, yes, he began his career as station agent and telegraph operator at Waboo, Kansas. Every night now he slips down over a photograph shop watches his name come and go in electric lights and smokes ten cent cigars. As the goods to press, Dudley tips the scales at 98 pounds.

The ten men over in Newark who drank 10 soldiers of 275 percent beer to see if it would intoxicate them, did not even get a glow. All of the old tests to decide drunkenness were tried—walking on a crack, saying big words, etc. When one of the examiners asked them to make a speech and they refused—there wasn't a doubt about it. They were sober. But ten soldiers is hardly a fair test. Why not give a man as much as he naturally wants of the fluid?

They give a dinner to Edwin Markham, the poet, the other day. All of the literary lights of the town were there. The date also served as a birthday for Shakespeare. Chaney Depew and several others of lesser prominence.

Long Sentences.

In "Les Miserables" Victor Hugo has one sentence of a hundred bars, and earlier in the book, in one of the chapters descriptive of Waterloo, there are over 50 lines without a full stop. England's record is held by the foreign enlistment act, one section of which reaches its six hundredth word.

A Guide to GOOD MANNERS

by Janice

Women who frequent hotels also must be very careful of their conduct. Regardless of the fact that they usually receive less attention and poorer service than men, it is a breach of etiquette to scold servants in a hotel. If they are negligent or disrespectful, complain to the housekeeper or land-lord, for it is their business to keep the domestic order. It is never the duty of the women guests of the hotel.

It is also improper to take any book or newspaper, or music you may find in a hotel parlor to your own room, even if you return it. It is also a mistake for a woman to touch her luggage in a hotel after it is packed. There are plenty of servants to attend to it. Nothing looks more awkward than to see a woman, with both hands full, stumbling on or off the elevator or into a taxi or bus.

Doctor.—Can you read the first few letters on that chart? Soldier.—No, sah. "The next?" "No, sah." "The last line consisted of two last letters, Z and I." "Zu!" read the blunder. "Don't read the whole line," said the doctor. "What is the first letter?" "Ah, don't know, sah." "How?" "Don't know that was 'Z'!" "Ah, don't see dat on photograph at home, sah."—Private Henry Frank.

A Big One

Sometimes a truly innocent remark is so unfortunate as to incur instant resentment and positively hostile refusal. Take the case of the diminutive man of kindly appearance who was accosted by a stately purist with the words:

"Sir, I am looking for a little more."

"Well," snorted the wearer of the size 12-12 collar, "do I look like one?"

Sure Enough

Tired Tim—Of course, go wouldn't think it, mum, but I rode in a carriage during my youthful days.

Old Lady—Your mum! Here's something for you. When was it you got out to ride in a carriage?

Tired Tim—About 50 years ago, mum. Me mother pushed it.

Couldn't Swim

Speaking at a political meeting Congressman Allen T. Treadway, of Massachusetts, referred to war time economy and related this little anecdote:

One afternoon a man went into a restaurant and selected an Irish stew from the bill of fare. Soon the dish was placed before him, and after eating it a critical glance he regarded his coat, then his vest and then his collar and necktie.

"What in the world are you trying to do, mister?" demanded the wondering waiter, as the patron, recoiled down to notice his shoes. "This isn't bed time!"

A casual slave, young man, escorted the patron, "should suffice to show you that I am removing my clothes."

"But," blurted the waiter, "you can't remove your clothes in here!"

RUMANIA THREATENS TO BOLT CONFERENCE

POLES DENIED WARSHIPS

PARIS, May 16.—Negotiations pending for the adjustment of the Adriatic controversy contemplate a direct settlement between Italy and Jugoslavia, then American mediation. By this plan the Austrian treaty would not justify the disposition to be made of Albania, Istria of Fiume beyond detaching them from Austria.

RUMANIA MAY BOLT
GENEVA, May 16.—The Rumanian delegation may possibly withdraw from the peace conference. Advice from Paris made public by the Rumanian Bureau at Bern says that owing to the decision of the council of ten to divide Danub between Serbia and Rumania, Premier Bratiano and the Rumanian delegation will quit Paris unless there is a modification of the terms. These are considered by the Rumanians to be unacceptable.

POLES REQUEST REFUSED
PARIS, May 16.—The Council of ten Ministers today refused the Poles request for part of the first treaty. The Poles claimed that a change was necessary for the peace of their country. The council also decided that peace of war held by the Russians in Siberia, the Baltic provinces and the Caucasus may be sent back to the Poles.

Parachute Leaps Are A Success

DAYTON, O., May 16.—Parachute leaps from airplanes, tried at the McCook Field here, are a success. During the last twenty-four hours, four different tests of this character were made and all landings were made in safety from heights of 2,000 feet. This is the largest number of parachute leaps ever made in the same length of time in America.

More Ships For South America

WASHINGTON, May 16.—Eleven additional ships including five of the German vessels seized when the United States entered the war, are to be assigned to the shipping board for service to South America out of South Atlantic and Gulf ports. The German ships will ply from New Orleans to Brazil and west coast of South America.

PLANES FORCED TO TURN BACK AFTER START TO AZORES; NC-4 READY TO JOIN THEM

TREPASSEY, N. F., May 16.—The navy seaplanes NC-1 and NC-3 and probably the NC-4 will make another attempt this afternoon to take the air over the NC-4 and NC-3 which had just returned after an ineffectual attempt to get away on the 1,350 mile flight to the Azores.

TREPASSEY, N. F., May 16.—The "finx" which visited the NC-4 on the initial leg of the navy's trans-Atlantic flight last Thursday, compelling her to put in at Chatham, Mass., for repairs, turned its attention yesterday to the NC-4 and NC-3 holding their harbor bound while the NC-4 caught up with them for the big overseas "hop".

The NC-4 landed here at 6:37 Halifax time (5:57 New York time) after a 1,350 mile flight.

Refuse To Rise
 The crew of the NC-4 owes its chance for an event start from here with their sister planes to the fact that the NC-4 and NC-3 refused to rise from the water on this afternoon with the heavy loads of fuel which had been taken aboard.

The NC-4, commanded by Lieutenant Commander Bellinger, taxied down the harbor at 5:04 p. m. Halifax time (4:24 New York time) hoping for a getaway. The NC-3, commanded by John H. Hovey's ship, followed 18 minutes later to the accompaniment of great cheering from the crews of the base boats and groups of New Englanders on shore.

A short time later, however, both seaplanes, and coming to a stop near the mother ships began apparently to discharge excess fuel to reduce their weight. A second attempt to "hop off" was not made, however, and the big seaplanes returned to their mooring place.

The appearance of the NC-4, which had been sighted shortly after the NC-3 taxied down the harbor was believed to have influenced Commander Bellinger in his decision to postpone the "hop off" so that all three planes might start together.

DIRIGIBLE C-5 BREAKS FROM MOORINGS, WRECKED AT SEA

ST. JOHNS, N. F., May 16.—The British cargo steamship War Nephew was standing by the wreck of the United States naval dirigible C-5, 85 miles at sea, awaiting the arrival of rescue vessels, according to wireless advice received at American naval headquarters here today. The destroyer Edwards was expected to return here today with what is left of the balloon.

Later reports said that C-5 was only slightly damaged and was in tow of the destroyer Edwards on the way back to port today.

ST. JOHNS, N. F., May 16.—The plane of the United States navy for a trans-Atlantic flight by a dirigible received a serious jolt this afternoon when the giant "blimp" C-5 burst from her moorings in a gale and was swept out to sea soon after she had arrived from Montauk Point after being in the air continuously for 25 hours and 45 minutes.

The destroyer Edwards immediately set out in pursuit with orders to bring the big gas bag down with outside craft artillery if necessary. Even if the Edwards is able to "rescue" the "blimp" before some serious misfortune befalls her, it probably will require some time to repair the damage which will result from falling into the ocean.

The dirigible dropped into the sea about 35 miles off shore according to a radio message received later in the night by the cruiser Chicago from an unidentified British steamship.

Follows Long Struggle
 Lieutenant Charles G. Little, of Newport, Mass., who was given charge of the C-5 after her crew had been launched off to look for the dirigible, was almost carried away by the fugitive gas bag while making a very arduous attempt at deflation.

The escape of the C-5 followed a long struggle by sailors from the Chicago to prevent its injury when the gusty winds swept across its mooring place. Several of the sailors, clinging to any ropes were thrown down by the dirigible's mad tug, but none was injured.

A Bitter Disappointment
 The loss of the "blimp" was a bitter disappointment to Lieutenant Commander Henry W. Colt and his crew of five. Despite a heavy fog and unfavorable weather, they had brought the big ship over a 1,350 mile course from Montauk Point with a performance record which they were confident would have brought the coveted order from the navy department to attempt the overseas flight.

Commander Colt gave much of the credit for the flight from Montauk Point to his pilots, Lieutenant Lawrence and Ensign D. P. Campbell. The cold, during the trip, he said, was almost maddening at times, but the pilots had hung on gamely although they were compelled to drive their turns at the wheel into short shifts.

Made Great Speed
 The ship occasionally made as high as seventy miles an hour, though the average for the trip was only 45 miles. The direct course from Montauk Point was 1,200 miles but an additional 100 miles was traversed in seeking the landing place after reaching the Newfoundland coast.

AMERICAN CASUALTIES DURING WAR 286,044

WASHINGTON, May 16.—Revised figures made public today by the War Department showed that the total casualties of the American expeditionary forces during the war was 286,044. Battle deaths numbered 48,909 and the total of wounded was placed at 237,135, with the explanation that this represented a duplication of about 2,000 by reason of the fact that many men were wounded more than once.

Protest Against Fight, Toledo Mayor Favors It

TOLEDO, O., May 16.—Protest against the Jess Willard-Jack Dempsey heavy-weight championship bout, scheduled to be given at Bayview Park, a municipally owned plot of ground here, July 4, is expected to be in the hands of Governor Cox, of Ohio, and James P. Moffatt, sheriff of Lucas county, today.

City officials, together with Mayor Schreder, of Toledo, were requested by the Toledo industrial union, an organization of 50 churches, to prohibit the contest.

Mayor Schreder's answer to the protest was a statement today that the government had made boxing a part of the curriculum in the army and navy and that the battle would bring thousands of visitors to Toledo, who will expend hundreds of thousands of dollars. The contest, the mayor's statement added, would stimulate Toledo's business, provide employment to labor, bring the advantages to Toledo, natural and industrial, to notice in every section of the country and result in enriching the city's charity fund by approximately \$25,000. Seven percent of the gross receipts of the contest are to be donated by Tex Rickard, the promoter, to the fund.

"I am moved to concur in the action of the boxing commission granting authority to the Toledo Athletic Club to hold the bout because of these reasons and because it will be conducted in the same manner that all boxing contests are produced in this city that is, under the control of commercial," the mayor said.

THE TIME TO BUILD

AS heretofore adverted to in these columns there is an insistent demand in Portsmouth for more dwelling houses. Building operations in that direction, however, are considerably restricted because of the high cost, wages and material locally experiencing the advance common to all of the country, and many waiting for lower prices. General conditions do not, though, point to reduction.

For what is the demand in Portsmouth is the demand everywhere. In fact, the call for more roofs under which people may comfortably domicile themselves is one of the inexplicable situations. In metropolitan and in small city is the same problem. Unwanted activity in apartment deals and construction prevails in Chicago. There many apartment houses are changing hands and plans are underway today for the construction of sixty new ones. As these rule around a million dollars a piece it is evident that all money can do fails to keep up with the demand for many dwellings are being erected and finding new owners. It is nowise different in New York. That city runs rather to hotels than apartments and it is unable to put up enough to fully accommodate the patronage that offers. Only this year two were opened with a rooming capacity of three thousand, yet both were turning away would be guests in April. Youngstown, Dayton, Marion insistently utter the same cry, more homes needed.

There seems to be but one conclusion from all this, now is as good time as any to build because tenants are assured and, of course, rents are as high in proportion as cost of construction.

NOT THE ONLY PUMPKIN

AMERICANS, without knowing or caring, are given to believing whatever is here is bigger, not to say better, than any like thing to be found elsewhere.

As relative, we speak of base ball as the national game, brag on the crowds that attend it and wonder why other nations don't have anything to compare with it. They do and in unexpected places they rather put us in the shade, with our boastful world's series, which is contested out between no more distant points to each other than New York to Philadelphia, or sometime Chicago and Boston, and then even up by being confined solely to the Windy City. But there is another game that tops base ball, being played all over the earth, while base ball is strictly and solely an American institution, and this game has series that actually involve more than one country. They call it soccer. What it is we confess we don't know, but it sounds like a half brother to stinky. Down in Rio Janeiro, yesterday, they started a series between Brazil and Chile for the championship of South America, and a few thousand persons, thirty-five thousand to be exact, attended the opening game. The home club won and it was not necessary to mob the umpire.

BY WAY OF COMPARISON

GERMANY is making a great outcry against the peace terms. She calls them harsh, unjust, destructive, etc., infamous, and except for Maximilian Harden, there is not one voice in which they are calmly considered before the people.

It isn't unnatural in Germany to complain. A thief never felt the halter draw unless he wailed that he was the innocent victim of cruel power.

When Germany was riding rough shod over her enemies, when she was as she thought, proving might was superior to right, her people were proud of her glory and unmindful of the shocking visitations made upon neutral and foe alike. She ruthlessly sunk the ships of Sweden and Norway, why? Because with herself alone holding the shipping resources of the world, when victory came, she would grow fatter still upon the commerce of the world. She seized French mines and operated them. When defeat came she destroyed them. Why? That France might not be able to keep pace with her in the work of restoration. She seized Belgium's money resources and compelled the Belgians to take therefor her own paper currency, not worth fifty per cent of par. Greed and that she might have control of the metal coin of the world.

From this we can surmise all too well the terms of peace she would have put upon her enemies had she conquered. That, however, is beside the question. Germany is only being made to compensate in part, by no means in full, for the things she stole and destroyed. Utter bankruptcy and extinction would be her portion if attempt were made to collect the whole bill.

No, indeed, we don't like everything the peace conference did, but then if we had been on the job ourselves and bossed it, there would have been some newspapers fool enough to find fault with the conclusions of merring wisdom. So we take the grain with the chaff, finding it on the whole most excellent.

The state fair bulletin presents a doleful fruit prospect to view, claiming the belated cold weather practically destroyed all the tree fruits, except apples to some exception.

You may call it a good point about them if you choose, the truth being the Bolsheviks can stand more punishment than the ordinary run of mortals. Just look how they are licked every day. It is evident, though, they have lost the old Russian habit, as otherwise they would not be caught up with every twenty-four hours.

Knowing the nature of the tribe we can say no worse affront could be given those Irish delegates in Europe from the United States than ignoring them.

Portsmouth and New York both have their housing problems, but how much worse it would be for New York if she only had to pay Portsmouth really prices.

Those airplanes are not off yet for that ocean journey. Must think they are to have a peace conference.

THE WISHING PLANE

Dr. Cheer told Jack and Jane many wonderful stories of flowers while they were walking about his home on beautiful Island that day.

"You children must be sure to remember all of the things Dr. Cheer tells you, and all the wonderful things you see on the trip around the world, so that Mother and Father will be glad to hear about it when you get home," said Captain Brave.

They were sitting on the Doctor's porch then, watching the sun go down around the sun."

Dr. Cheer seemed to be a wonderful man. No matter what the children asked him he could tell them all they wanted to know, and in such a way that they could understand it.

"Tell us more about the sun," said Jane.

"Well, the sun has an awfully big job," said the Doctor. "He has to keep the planets and comets in their orbits. He has to throw his light over them. He keeps them warm and makes the trees and flowers and everything else grow."

"Great men who know all about such things have found out that he even keeps the planets and the stars where they should be so they don't fall right out of the heavens."

"This interested the children more than ever."

"How does the sun keep the planets in the right place?" asked Jack, while Jane looked up to see if anything was tumbling down, seeing that the sun had gone away and wasn't there to watch.

"Well, the planets are going around the sun all the time and the sun keeps pulling at them just like a magnet does a needle. If the sun didn't pull at them they would go flying off to nowhere," said the Doctor.

"You know, Jack, how a stone flies around in a circle when you tie the stone on the end of a string and whirl it?" Well, the planets fly around the sun just like the stone does around your hand, and the sun keeps the planets from flying away just like the string keeps the stone from going up in the air or down on the ground."

And the Doctor told how the sun heats and lights our earth, and how the sun makes the moon and the stars shine, for the moon and the stars haven't any light of their own, you know.

Then Dr. Cheer made the children happier than ever when he said: "If Captain Brave is willing, we will go way up above the clouds in the airplane tonight, where we can see all the stars plainly, and I will tell you more about them."

Captain Brave was glad to take them up. But I can't tell you today what they saw.

During the first year of the war he served on the council of national defense, and last July became assistant to the chairman of the shipping board. Upon the signing of the armistice he assembled the shipping data necessary for the use of the peace conference, and in January sailed for Europe to serve as special shipping commissioner. Upon the return of Hurley to the U. S., Mr. Robinson remained abroad in charge of the shipping board negotiations. He was the American shipping representative at Spa conference and presided over the international conference at Brussels when German ships held in German ports were released to the allies.

Oh, yes, he began his career as station agent and telegraph operator at Wilkes, Kansas. Every night now he slips down on fire escape and from the second floor over a photograph shop watches his name come and go in electric lights and smoke ten cent cigars. As this goes to press, Dudley tips the scales at 28 pounds.

The ten men over in Newark who drank 100 bottles of 275 percent beer to see if it would intoxicate them, did not even get a glow. All of the old tests to decide drunkenness were tried—walking on a crack, saying big words, etc. When one of the examiners asked them to make a speech and they refused—there wasn't a doubt about it. They were sober. But ten bottles is hardly a fair test. Why not give a man as much as he naturally wants of the stuff?

They give a dinner to Edwin Markham, the poet, the other day. All of the literary lights of the town were there. The date also served as a birthday for Shakespeare, Chaucer, Dequay and several others of lesser prominence.

Long Sentences. In "Les Misérables" Victor Hugo has one sentence of a hundred lines, and earlier in the book, in one of the chapters descriptive of Waterloo, there are over 50 lines without a full stop. England's record is held by the foreign enlistment act, one section of which reaches its six hundredth word.

Bide Dudley has landed on Broadway with a bang. His play, "Come Along!" is one of the hits of the town. Bide, came from Kansas with stopovers at Kansas City, where he ran a saloon on "The Times" that started wide comment. He was going to go out ahead of a show in New York, but the Morning Telegraph needed a columnist, and so Dudley took the job. His bright quips there attracted the Evening World and an offer lured him. He has been writing about Broadway for the Evening
